

AMENDMENT NO. 1
TO THE
MASTER SERVICES AGREEMENT DATED JULY 20, 2018

This Amendment No. 1 (“**Amendment**”) is entered into by and between [REDACTED] (“**Customer**”) and [REDACTED] NY 10022 (“**Supplier**”) on July 18, 2024 (“**Effective Date**”) to amend the Master Services Agreement entered by and between Customer and Supplier dated July 20, 2018 (the “**Agreement**”). Customer and Supplier may also, as appropriate, be referred to individually as a “**Party**” or jointly as “**Parties**”.

WHEREAS:

- (A) Customer and Supplier are parties to the Master Services Agreement dated July 20, 2018 (“**Agreement**”) and the term of this Agreement is expiring on July 19, 2024;
- (B) The Parties mutually agree extend the term of this Agreement and further agree to revise certain terms of the Agreement to the extent set out herein.

NOW, THEREFORE, the Parties hereby agree as follows:

1. The Term of this Agreement as set forth in Section 1.3 of the Agreement is further extended for a period of five (5) years, which will be effective from July 20, 2024 until July 19, 2029.
2. Section 3.4.10 is hereby deleted in its entirety and is replaced with the following clause:

“The Supplier shall promptly correct and remediate, at its expense, any circumstances resulting in any exception or qualification to any report and/or certification set forth in Section 3.4.9 related to the performance of the Services at any of the Supplier’s Service Location and, to the extent such exceptions, as determined by the Customer, its auditors, the Supplier, or its auditors, identify a Significant Deficiency or Material Weakness (as such terms are defined by the AICPA and their equivalent term(s) under any modified or replacement protocols for the SOC 1 and SOC 2 reports), provide to Customer a plan to correct and remediate each such Significant Deficiency and Material Weakness (“**Remediation Plan**”) no later than sixty (60) days from the effective date of the reports described in Section 3.4.9, and upon Customer’s request, provide an updated report to the Customer prior to the end of each such year. Further, the Supplier shall provide to the Customer prior to the end of each such year for the “stub period” between the date of such report and/or certification and the end of such fiscal year (whether or not exceptions or qualifications were noted in the SOC 1 and/or SOC 2 reports and/or certifications for such fiscal year) a letter identifying changes, if any, in the control processes since the date of the last SOC 1 and/or SOC 2 report(s) delivered to the Customer, the status of the remediation of any Significant Deficiencies and Material Weaknesses identified in the earlier report, and any exceptions or qualifications identified during the “stub period.” Material Weaknesses and Significant Deficiencies identified will require re-testing of remediated controls no later than December 15th of each calendar year or within the timeline mutually agreed by the Parties. Supplier will also provide regular updates to Customer in accordance with the Governance Schedule specifying any significant changes in controls or procedures,

deficiencies, exceptions or fraud identified relating to the control objectives, processes and systems maintained by the Supplier.”

3. Section 3.4.11 is hereby deleted in its entirety and is replaced with the following clause:

“If all such Material Weaknesses or Significant Deficiencies that in the aggregate may be deemed to be a Material Weakness by Customer in its reasonable judgement are not corrected and remediated by December 15th of the calendar year post the effective date of the reports described in Section 3.4.9 or within the timeline mutually agreed by the Parties, the Customer may terminate the Agreement for material breach by the Supplier pursuant to Section 12.1.1 upon written notice to the Supplier without observing any cure period set forth in Section 12.1.1.”

4. Section 3.4.12 is hereby deleted in its entirety and is replaced with the following clause:

“If all such Significant Deficiencies (not caused directly or indirectly by the Customer Group) are not corrected and remediated by February 15th of the calendar year post the effective date of the reports described in Section 3.4.9 or within the timeline mutually agreed by the Parties, the Customer may terminate the Agreement for material breach by the Supplier pursuant to Section 12.1.1 upon written notice to the Supplier without observing any cure period set forth in Section 12.1.1.”

5. Section 3.10 (ISO Compliance) is hereby deleted in its entirety and is replaced with the following:

“In its performance of and as part of the Services, in addition to utilizing industry standard technical, administrative, and physical controls, the Supplier shall also observe and utilize processes and practices that conform to ISO 9001 (Quality Management Standards), ISO 27001 (Information Security Standards).”

6. Section 6.1.7 is hereby deleted in its entirety and is replaced with the following clause:

“With respect to each Statement of Work, Supplier shall conduct a customer satisfaction survey. The survey shall be conducted once per year in accordance with Supplier’s standard survey cycle. Customer may request additional surveys at its cost and expense. The survey shall at a minimum, cover a representative sampling of the Authorized Users and senior management of Customer in each case as specified by Customer. The timing, content, scope, and method of the survey shall be consistent with the customer satisfaction survey set forth in the “Governance” Schedule. Supplier agrees that (i) increased measured satisfaction within Customer shall be a key performance incentive for the compensation of the Key Supplier Personnel and (ii) Customer’s satisfaction shall be measured as a Service Level under each Statement of Work as set forth in such Statement of Work.”

7. Section 6.3.3 is hereby deleted in its entirety and is replaced with the following clause:

“The Supplier shall update the Procedures Manual(s) for each Statement of Work promptly or as close to a near real-time basis as commercially reasonable to reflect changes in the operations or procedures described therein or any of the components thereof and, in the absence of any such changes, not less frequently than on an annual basis during the applicable SOW Term. The Supplier shall perform the Services under each Statement of Work in accordance with the most recent Customer-approved version of the Procedures Manual(s) for that Statement of Work. Subject to the requirements of Section 6.4 (Approval of Changes; Change Control Process) the Procedures Manual(s) shall be considered an operational document that the

Supplier Account Executive and the Customer Account Executive may revise by mutual written agreement without the need to amend the Agreement.”

8. Section 7.3.5 is hereby deleted in its entirety and is replaced with the following clause:

“The Supplier will give the Customer, where reasonably possible, at least sixty (60) days advance notice of a change of the person appointed to a “Key Supplier Position”. Where reasonably possible, the Supplier will arrange for the proposed replacement for an individual appointed to a “Key Supplier Position” to work side by-side with the individual being replaced during the notice period to achieve an effective transfer of knowledge prior to the incumbent leaving his or her position. The Supplier shall not reassign or replace any person assigned to a “Key Supplier Position” more frequently than once in any rolling twelve (12) month period during the applicable SOW Term unless (i) the Customer consents to such reassignment or replacement, or (ii) the Supplier employee (A) voluntarily resigns from the Supplier, (B) is terminated by the Supplier, (C) is unable to work due to his or her death or disability, or (D) in good faith requests a transfer for personal reasons. Individuals designated as “Key Supplier Personnel” or filling “Key Supplier Positions” may not be transferred or re-assigned until a suitable replacement has been approved by the Customer, and no such re-assignment or transfer shall occur at a time or in a manner that would have an adverse impact on delivery of the Services. The Supplier shall share an up-to-date succession plan for the individuals serving in “Key Supplier Positions” with the Customer during the quarterly or monthly business meetings between the Parties.”

9. The first paragraph in Section 14.1(Supplier Indemnity Obligations) is hereby modified to read as follows:

“The Supplier will indemnify, defend and hold the Customer and the other members of the Customer Group, its and their Affiliates and their respective current, future and former officers, directors, employees, successors and assigns of each of the foregoing, and each of the foregoing persons or entities (the “Customer Indemnitees”), harmless from and against any and all of the following Claims and be responsible for any and all resulting Losses to the extent arising out of:”

10. Section 15.1.1 is hereby deleted in its entirety and is replaced with the following clause:

“Statutory workers' compensation (or its equivalent) (applicable only for Supplier entities located in the US) in accordance with all federal, state, and local requirements (or their applicable equivalents);”

11. Section 15.1.5 is hereby deleted in its entirety and is replaced with the following clause:

“Business automobile liability (applicable only for XYZ US entities located in the US) covering all non-owned, hired and leased vehicles in an amount not less than Two Million Dollars (\$2,000,000) (combined single limit for bodily injury and property damage);”

12. Section 9 (CUSTOMER SATISFACTION SURVEY) of the Governance Schedule is hereby deleted in its entirety and is replaced with the following clause:

“Supplier shall conduct a voice of customer survey. The survey shall be conducted once in a year in accordance with Supplier’s standard survey cycle.”

13. Parties agree that the Reports Schedule is hereby deleted in its entirety from the Agreement and will be added as an Exhibit in the applicable Statement of Work.
14. Section 5(Customized Business Continuity Plan) is hereby added to the Business Continuity & Disaster Recovery Schedule:

5. Customized Business Continuity Plan

During Transition, both Parties agree to conduct a detailed Business Impact Analysis that will assess process criticality, Recovery Time Objectives (“RTO”), Recovery Point Objective (“RPO”) and Level of Critical Services recovered. On receiving specific recovery requirements from Customer, Supplier will develop and /implement a customized business continuity strategy to meet Customer’s recovery needs.

5.1 Costs for Customized BCDR Plan

Customer agrees to pay the following Charges towards the set-up, testing and invocation of the Customized BCDR Plan.

Customized BCDR Plan cost components	One-Time Cost (USD)	Annual Recurring (USD)
Work from home based on internet provided by Supplier. VPN, if required in the future by Customer, will be provided by Customer	\$1,100 per FTE	**
Testing		Pass-Through Expenses
Travel and other related costs during invocation		Pass-Through Expenses

Remote working (Work from home or any other location approved by ABC North with power backup and secured internet connection depending on the type of incident) strategy will be used to recover the in-scope critical process which is already approved by ABC North (BIA and BCP).

If the primary Site itself is impacted, Supplier will invoke business continuity plan proactively on pre-agreed processes. Remote working (Work from home or any other location approved by ABC North with power backup and secured internet connection depending on the type of incident) will be initiated. If applicable, the cost for any change in the location approved by the Customer will be charged back to the Customer on actuals (For example – transport arrangement, accommodation, etc.).

***Note:** Currently there are 39 laptops in use between two locations Sri Lanka (22) and India (17). In case more laptops are required for critical employees, the above one-time cost for the laptops and recurring cost of \$120/per FTE /Year will be applicable. Parties hereby agree that \$4680 charges for WFH internet connectivity will be charged annually. This will be charged each year from August to July every year.

5.2 Recovery Options Summary Table

Parties agree that the Customized BCDR Plan will include details like RTO, RPO and Level of Critical Services recovered.

Recovery Time Objective (RTO): The maximum period of time in which critical business processes / functions, systems and applications must be recovered after a Risk Event is declared.

Recovery Point Objective (RPO): The maximum amount of data that could be lost following a Risk Event measured in time, for the data hosted by Supplier.

The table provided below is an illustration for the details of locations, RTO, RPO, Level of Critical Services and required for recovery that will be included in the Customized BCDR Plan.

Process	Primary Delivery Center	Alternate Site Delivery Center	RTO	RPO	Level of Critical Services recovered
Accounts Payable	Mumbai	Remote working	48 hours	24 hours of data	20%
Accounts Receivable	Mumbai	Remote Working	48 hours	24 hours of data	20%
General Accounting	Colombo	Remote Working	48 hours	24 hours of data	20%
Inquires & Disputes	Mumbai	Remote Working	48 hours	24 hours of data	20%

For avoidance of doubt, the estimate above is subject to a detailed Business Impact Analysis that will be conducted by the Parties during Transition upon which both Parties will agree on the Customized BCDR Plan.

15. Annexure A (Details of processing operations) of Exhibit 1 in the GDPR provisions Schedule is hereby updated with the following details:

“The parties agree that the following sets out the information required by the Regulation:

Subject matter of processing	Finance and Accounting catering to all three towers PTP, OTC and RTR
Duration of processing	5 Years
Nature of processing	Payment processing or Cash Application of Vendors/Client Customers

Purpose of processing	Payment processing or Cash Application of Vendors/Client Customers
Type of personal data	Name, Telephone number, Email ID and Bank details
Categories of data subjects	Vendor and Client Customers
Capacity of parties	Customer is acting as a Controller Supplier is acting as a Processor

16. The following sections in Appendix 1 to the Standard Contractual Clauses in Annexure C in the GDPR Provisions Schedule is updated with the following details:

“Data Importer

The data importer is (please specify briefly activities relevant to the transfer): **XYZ North America Inc.;**

Data Subjects

The personal data transferred concern the following categories of data subjects (please specify): **As mentioned in Annexure A;**

Categories of data

The personal data transferred concern the following categories of data (please specify): **As mentioned in Annexure A;**

Processing operations

The personal data transferred will be subject to the following basic processing activities (please specify): **As mentioned in Annexure A.”**

17. Annexure D (List of Accepted Sub-processors) in Exhibit 1 of GDPR Provisions Schedule is hereby updated with the following details:

The name of the Sub-Processor, contact information and geographical location	Description of the services	Copy of the agreement entered into between the Processor and the Sub-Processor	Where the SubProcessor processes personal data subject to this Agreement.
Z OHO Corporation Private Limited 942, Krisp IT Park, Vandalur Kelambakkam Road, Kizhakottaiyur Village, Vandalur Taluk,	ZOHO desk & analytics; Cloud based case management and reporting tool respectively, used to manage inquiries from vendors and customers.	Yes	Not Applicable

Chennai, Chengalpattu, Pin Code: 600127 Tamil Nadu, India			
--	--	--	--

18. Except to the extent amended herein, all other terms and conditions of the said Agreement, including any exhibits/amendments thereto, shall remain valid. Capitalized terms not defined herein shall have meaning attributable to the same in Agreement. In case of any conflict between this Amendment and the Agreement, the terms and conditions of this Amendment shall supersede the terms and conditions of the Agreement to the extent of such conflict.
19. Any further modification of the terms of the Agreement shall be on mutually agreed terms and conditions in writing, executed by both Parties.

IN WITNESS WHEREOF, the terms and conditions of this Amendment agreement are acknowledged, agreed and accepted by the Parties hereto on the date first mentioned hereinabove.

AMENDED AND RE-STATED STATEMENT OF WORK NUMBER 1

This amended and re-stated Statement of Work No.1 is effective from July 20, 2024 (“SOW No.1 Effective Date”) and is entered pursuant to the terms of the Master Services Agreement dated July 20, 2018 (the “Agreement” or “Master Agreement”) by and between [REDACTED] (“Supplier”). Customer and Supplier individually may each be referred to as a “Party” and collectively shall be referred to as the “Parties”.

WHEREAS, the Parties had entered into a Statement of Work on July 20, 2018, under which Supplier was providing Services to the Customer which expired on July 19, 2024 (“Original SOW No.1”).

AND WHEREAS, the Parties intend to fully amend and re-state the Original SOW No.1 through this amended and reinstated Statement of Work No.1.

NOW THEREFORE, the Parties agree as follows:

- A. As of the SOW No.1 Effective Date, the Parties agree to amend and re-state the Original SOW No. 1 through this amended and re-stated Statement of Work Number No.1 (hereinafter referred to as “SOW No.1” or “Statement of Work #1”). For clarity, the Original SOW No.1 will cease to exist from the SOW No.1 Effective Date.
- B. Except to the extent expressly provided otherwise in this SOW No.1, all terms of the Agreement are incorporated by reference into this SOW No.1. In the event of any inconsistent or contradictory terms between the Agreement and this SOW No.1, the terms of this SOW No.1 shall control and supersede such inconsistent or contradictory terms. Any terms used specifically in SOW No.1 and not otherwise defined in the Agreement will be defined in the SOW No.1.

STATEMENT OF WORK No. 1

This SOW No.1 sets forth the agreement of the Parties regarding the Services that the Supplier shall supply, perform, and deliver to and for the Customer Group in accordance with this SOW No.1 and the other provisions of the Agreement.

The Customer and the Supplier have each caused this SOW No.1 to be executed and delivered effective as of the SOW No.1 Effective Date.

Statement of Work Exhibits

The following Exhibits to this SOW No.1 (including any Supplements attached or incorporated into those Exhibits by reference) are attached hereto and incorporated herein by this reference:

1. Exhibit 1 – Scope of Services

- (a) Exhibit 1(A) - Services Description – general requirement for PTP, OTC, CAPEX & RTR Services
- (b) Exhibit 1(B) - Services Description - AP TRAC R3, Supplier Portal, Zoho Desk, Doppel Scanner & RPA

2. Exhibit 2- Pricing and Financials

- (a) Exhibit 2(A) - Pricing and Financials Provisions
- (b) Exhibit 2(B) - Pricing Forms
- (C) Exhibit 2(C) - Financial Responsibility Matrix

3. Exhibit 3 - Service Levels

- (a) Exhibit 3(A) - Service Level Definitions
- (b) Exhibit 3(B) - Service Level Matrices
- (c) Exhibit 3(C) - Measurement Tools

4. Exhibit 4 - Escalation Matrix

5. Exhibit 5 - Report Listing and Descriptions

6. Exhibit 6 - Key Supplier Personnel

7. Exhibit 7 - Equipment/Software Exhibits

- (a) Exhibit 7(A) - Supplier Hardware, Software and Tools
- (b) Exhibit 7(B) - Technology

1. STATEMENT OF WORK ADMINISTRATIVE INFORMATION

Supplier Service Delivery Manager	[REDACTED]	
Customer SOW No.1 Manager	[REDACTED]	
SOW No.1 Term	SOW No.1 Effective Date: July 20, 2024	SOW No.1 Term: July 19, 2029
Commencement Date(s)	See Section 5 (Scope of Services) below.	
Policies	Supplier will comply with all Customer corporate policies as maintained by the Customer that have been shared with the Supplier.	

This Statement of Work terminates, supersedes, and replaces the Professional Services Agreement by and between the Parties dated January 16, 2018 in its entirety, including all statements of work thereunder (collectively, the “Prior Agreement”). All rights and obligations (including payment obligations) of the Parties under the Prior Agreement and any disputes arising therefrom will be superseded and governed by the terms and conditions of this Statement of Work and the Master Agreement.

2. DEFINITIONS

All capitalized terms used herein without definition shall have the meanings given to such terms in the “Definitions” Schedule, “Definitions” Exhibit or elsewhere in the Agreement.

3. STATEMENT OF WORK SPECIFIC TERMS

3.1. Operational Defaults

Not applicable.

3.2. Service Level Termination Event

No additional Service Level Termination Events beyond those described in this Statement of Work and the Agreement.

4. DEVIATIONS FROM THE MASTER AGREEMENT

There are no deviations to the Master Agreement.

5. SCOPE OF SERVICES

Starting on the applicable Commencement Date and for the remainder of the SOW No.1 Term, the Supplier shall perform the Services described in the following Exhibit to, and elsewhere in, this SOW No.1:

- o Exhibit 1(A)- Services Description – general requirement for PTP, OTC, CAPEX & RTR Services;

- o Exhibit 1(B) - Services Description - AP TRAC R3, Supplier Portal, Zoho Desk, Doppel Scanner & RPA.

These Exhibits document the functions, tasks, processes, and requirements for the Services that Supplier will perform and the functions and processes retained by Customer.

6. SERVICE LEVELS AND SERVICE LEVEL CREDITS

The Service Levels applicable to the Services, and the Service Level Credits associated with such Service Levels, are set forth in the “Service Level Definitions” Exhibit 3(A) and “Service Level Matrices” Exhibit 3(B). The measurement tools and methodologies for the Services Levels are set forth in the “Measurement Tools” Exhibit 3(C). Such Service Levels, Service Level Credits shall be applied in the manner described in “Service Level Methodology” Schedule in the Agreement thereto. In case of any inconsistency in the terms under “Exhibit 3 - Service Levels” and the “Service Level Methodology Schedule”, the terms of “Exhibit 3- Service Levels” will prevail.

7. FEES

The “Pricing and Financial Provisions” Exhibit 2(A), “Pricing Forms” Exhibit 2(B), “Financial Responsibility Matrix” Exhibit 2(C), to this SOW no.1 sets forth the Fees, charges and charging methodologies for the Services under this Statement of Work No.1.

8. KEY SUPPLIER PERSONNEL

The Key Supplier Personnel and the Supplier Services Location where each Key Supplier Personnel or Position is based are set forth in the “Key Supplier Personnel” Exhibit 6 to this SOW No.1.

9. GOVERNANCE

The relationship management and contract governance model and processes for the Services provided under this SOW No.1 are described in the “Governance” Schedule to the Master Agreement. In addition, the Parties will follow the escalation path described in the “Escalation Matrix” Exhibit 4 for issues persisting after the applicable issue resolution target time frame has been exceeded.

10. REPORTS

The reports, query capabilities, and online access to be provided by Supplier to the Customer with respect to the Services provided pursuant to this SOW No.1 are set forth in the “Report Listing and Descriptions” Exhibit 5 to this SOW No.1.

11. SOFTWARE/HARDWARE

The Software with respect to which the Supplier has one or more obligations as part of the Services provided under this SOW No.1 is listed in the “Supplier Hardware, Software and Tools” Exhibit 7(A) and the “Technology” Exhibit 7(B) to this SOW No.1. The “Supplier Hardware, Software and Tools” Exhibit identifies the Supplier Software, Supplier Equipment, and Supplier Systems and the “Technology” Exhibit 7(B) identifies the Customer Software and Customer Provided Hardware.

In addition, the technical architecture and project standards, including network connectivity requirements for the Services and the Designated Services Environment are documented in the “Supplier Hardware, Software and Tools” Exhibit 7(A).

12. THIRD PARTY CONTRACTS

Third Party Contracts applicable to this SOW No.1:

- As set forth in the Exhibit # - Technology Exhibit 7(B) to this SOW No.1.

13. SUPPLIER SERVICES LOCATIONS

The Supplier Services Locations for this Statement of Work are in Mumbai and Colombo.

14. CUSTOMER OFFICE SPACE AT SUPPLIER SERVICE LOCATIONS REQUIREMENTS

Pursuant to Section 3.1.2 of the Agreement, Supplier shall provide use of space at Supplier Service Locations. In addition to the requirements of Section 3.1.2 of the Agreement, Supplier shall provide the following at no additional cost to Customer:

No additional requirements.

15. TERMINATION/EXPIRATION ASSISTANCE

The Termination/Expiration Assistance Services that the Supplier shall perform and provide to the Customer Group under this Statement of Work are set forth in the Master Agreement.

16. PROCEDURES MANUAL

The requirements for the Procedures Manual content applicable to this SOW No.1 are set forth in the "Procedures Manual Requirements" document.

17. STAFFING RATIO: Not applicable.

IN WITNESS WHEREOF, the terms and conditions of this SOW No.1 are acknowledged, agreed and accepted by the Parties hereto on the SOW No.1 Effective Date.

17.	Process pre-authorized automated allocations into the General Ledger at specific dates and times specified by Customer		x
18.	Calculate GL Allocation amounts and communicate updates to the supplier as necessary.	x	
19.	Update GL Allocation information as instructed either in PeopleSoft or in manual spreadsheets.		x
V.	REM Transactions		
20.	Stage and load all Rent payments by specific dates each month; validate due dates with Customer on a monthly basis.	x	

21.	Calculate Rent payments as required by each contract utilizing REM and other necessary systems.	x	
22.	Communicate / Approve the necessary Rent payment via appropriate form to the Accounts Payable group at supplier.	x	
23.	Build REM batch in PeopleSoft Accounts Payable when communicated by Customer and ensure no errors in the build process for the batch.		x
IV.	Perform Intercompany Accounting		
24.	Establish, approve, maintain, and communicate intercompany accounting policies and procedures	x	
25.	Generate intercompany transactions, balance data, and related documentation	x	
26.	Calculate intercompany interest and record related journal entries pursuant to Company policy		x
27.	Process inbound / outbound Intercompany activity (charges / payments)		x
28.	Record intercompany dividend, funding and loan entries	x	
29.	Finalize intercompany balances, issue status report, and maintain documentation of reconciliation	x	
30.	Generate intercompany matching reports / reconciliations	x	
31.	Perform intercompany reconciliations	x	
32.	Confirm intercompany balances with other Business Units / Operating Units / Affiliates	x	
33.	Identify intercompany balancing issues	x	
34.	Resolve Intercompany disputes and provide supporting documentation	x	
35.	Verify Intercompany Issues are closed / resolved	x	
V.	Manage Interfaces		
36.	Communicate General Ledger interface policies & procedures		x
37.	Establish, approve and maintain General Ledger interface policies & procedures	x	
38.	Confirm General Ledger interface availability per agreed schedule		x
39.	Process General Ledger interface data; ensure posting sub-ledger transactions to the GL		x
40.	Identify and communicate / escalate General Ledger interface errors and exceptions		x
41.	Authorize and post correcting entries if needed to resolve a General Ledger interface issue	x	
42.	Maintain appropriate documentation for General Ledger interfaces		x
43.	Validate General Ledger interface execution and generate control reports	x	
VI.	Analyze & Reconcile Accounts		
44.	Communicate reconciliation policies and approach / methodology		x
45.	Establish, Approve, maintain and communicate reconciliation policies and approach / methodology	x	
46.	Maintain RACI of Balance Sheet reconciliation owners, frequency, etc.	x	
47.	Assemble reconciliation inputs and populate General Ledger reconciliation in Supplier's scope as defined in the Procedures Manual		x

48.	Assemble reconciliation inputs and populate General Ledger reconciliation in Customer Group's scope as defined in the Procedures Manual	x	
49.	Analyze balance sheet accounts for reconciling items and properly document in account reconciliation		x
50.	Identify and resolve Balance Sheet General Ledger reconciliation issues as identified.		x
51.	Approve Balance Sheet General Ledger Reconciliations - in Supplier's scope		x
52.	Perform supervisory review and approval of Balance Sheet General Ledger Reconciliations - in Supplier's and Customer Group's scope	x	
53.	Maintain Balance Sheet General Ledger documentation in accordance with the Account Reconciliation policy.	x	x
54.	Respond to inquiries regarding Balance Sheet General Ledger reconciliations and provide support as needed	x	x
VII.	2.1.5 Close Books & Consolidate Financial Results		
55.	Define, Monitor and Approve month end close process and calendar	x	
56.	Perform closing procedures and close all Sub ledgers in accordance to the pre-approved month end close schedule/ calendar - that are defined in the Procedures Manual	x	x
57.	Perform specified post close checks		x
58.	Perform initial & final P&L Review to identify errors and omissions in the monthly P&L results prior to month end close	x	
59.	Generate and provide supporting documentation for period end adjustment journal entries	x	
60.	Review and post adjustment JE's that result from P&L Review to identify errors and omissions in the monthly P&L results prior to month end close	x	x
61.	Create Period-End adjustment journal entries in OneStream as consolidated financial statements are reviewed.	x	
62.	Close G/L and Consolidate Results in OneStream	x	
63.	Review and Approve Financial Results in OneStream	x	
64.	Maintain documentation for any month end adjustment journal entries or post close activities	x	
B	Post-closing Adjustments		
I.	Post Close Adjustments		
65.	Propose any recommendations for post-closing adjustments along with all supporting documentation to the Customer.		x
66.	Customer will review and determine next steps.	x	
67.	Process approved journal entry to record (push down) any journal entry designated as an "on-top entry".	x	

4. Order-to-Cash

Item	Accounts Receivable	DNC	XYZ
		Customer	Supplier
A.	Order to Cash - Accounts Receivable		
I.	2.5.1 Authorize and Manage Credit		
1.	Establish and communicate Customer Credit Policies	✓	
2.	Approve Customer Credit Policies	✓	
3.	Monitor Existing Customer & Portfolio Credit Risk	✓	
II.	2.5.2 Manage Sales Orders		
4.	Manage customer sales quote process	✓	
5.	File customer sales quotes for future reference	✓	
6.	Manage customer sales orders (receive and validate)	✓	
7.	File customer sales orders for future reference and update as needed (including pricing sheet)	✓	
8.	Determine Product and/or Service Availability and Logistics related to Sales Orders	✓	
9.	Enter customer Sales Orders into the system	✓	
10.	Track and Manage customer Sales Orders, Backorders, and Updates	✓	
III.	2.5.3 Manage Contracts		
11.	Create new customer sales contracts	✓	
12.	Update customer sales contracts and invoicing requirements (minor contract)	✓	
13.	Update customer sales contracts (major contract)	✓	
14.	Update invoicing requirements (major contract)	✓	
15.	Maintain customer sales contracts and update Invoicing Detail tracker as required	✓	
IV.	2.5.4 Maintain Customer Master Data		
16.	Design customer master data structure	✓	
17.	Define customer master data maintenance policies and procedures	✓	
18.	Create/Amend customer master data, as per the request received		✓
V.	2.5.5 Invoice Customer		
19.	Maintain invoicing templates related to customer invoicing		✓
20.	Add Customers in PeopleSoft and FSA AR systems, researching for potential duplicate Customer IDs before establishing a new ID		✓
21.	Compile invoicing details and required backup on a daily basis and communicate to Billing Team	✓	
22.	Reconcile Billing Source Data for customer invoicing to ensure completeness		✓
23.	Calculate & Generate customer Invoices		✓

24.	Distributes customer invoices to appropriate party (operating unit or customer)		✓
25.	Prepare/record Receivable Entries into ledger & Record AR Clearing or other account as requested		✓
26.	Perform ongoing Customer ID maintenance within PeopleSoft and FSA for changes to Customer ID profiles (i.e. new address or contact info)		✓
VI.	2.5.6 Maintain A/R Ledger and Apply Cash		
27.	Establish A/R Policies related to customer invoicing and cash applications	✓	
28.	Receive and Deposit Customer Payments	✓	
29.	Apply Cash Remittances and Credits / Adjustments to customer accounts		✓
30.	Escalate any unapplied cash application issues to Customer for investigation and resolution.		✓
31.	Research any unapplied cash application issues and communicate how to proceed back to Supplier.	✓	
32.	Forward any check payments received locally to central location	✓	
33.	Approve customer Bad Debt Reserves and Allowances	✓	
34.	Prepare A/R Reporting related to customer activity and distribute after approval		✓
35.	Approve A/R Reporting related to customer activity	✓	
36.	File AR Reporting		✓
VII.	2.5.7 Manage and Process Collections		
37.	Define customer Collections Policy and Treatment Strategies (client v. non- client)	✓	
38.	Analyze Customer Account Balances	✓	
39.	Correspond and Negotiate aged receivables With Customers (client)	✓	
40.	Correspond aged receivables With Customers (non-client) pursuant to Customer Policy	✓	
41.	Investigate and Resolve Customer Issues related to aged receivables (client)	✓	
42.	Investigate and Resolve Customer Issues related to aged receivables (non- client)	✓	
43.	Escalate Customer issues per policy	✓	
44.	Maintain inquiries and collection activities in case mgt tool	✓	
45.	Write-off Uncollectible customer AR Balances	✓	
46.	Approve Uncollectible customer AR Balance write off	✓	
B.	Order to Cash - Resolve Accounts Receivable Disputes & Inquires		
I.	2.5.8 Manage and Process Disputes / Deductions		
47.	Create Policies for Disputes and Deductions related to Customer AR Balances	✓	
48.	Establish and Approve Policies for Disputes and Deductions related to customer AR Balances	✓	

49.	Receive and Record Customer Disputes/ Deductions		✓
50.	Research customer Disputes / Deductions		✓
51.	Correspond Dispute / Deduction with customer regarding AR		✓
52.	Perform Root Cause Analysis related to customer disputes / deductions as necessary to correct any upstream process		✓
53.	Route and Resolve customer Dispute / Deductions Internally		✓
54.	Prepare customer Chargeback Invoices (if applicable)		✓
55.	Process customer Dispute / Deduction Adjustments		✓
56.	Approve / Request customer Dispute / Deduction Adjustments and Write-off Balances	✓	
II.	2.5.9 Manage Customer Requests and Inquiries		
57.	Receive and Record Customer Requests and Inquiries		✓
58.	Route Customer Requests and Inquiries		✓
59.	Escalate any assigned inquiries that have not received a response from the assigned individual to the DNC GPO after 5 days.		✓
60.	Resolve and Respond To Customer Requests and Inquiries		✓

5. Procure-to-Pay

		DNC	XYZ
Item	Procure to Pay - Accounts Payable Services	Customer	Supplier
A.	Procure to Pay - Accounts Payable		
I.	2.3.1 Record Goods Receipt; Approve and Schedule Payment		
1.	Record Receipt of Purchased Goods & Services as it relates to AP purchasing systems.	✓	
2.	Receive and Process AP Invoice Including indexing of headers in AP TRAC		✓
3.	Identify any issues preventing AP vendor invoices from being processed and route through workflow tool. (Parked invoices)		✓
4.	Identify any PO's preventing AP vendor invoices from being processed and route through workflow tool.	✓	
5.	Perform coding for AP Invoice distribution lines in AP TRAC	✓	
6.	Perform Match / Approve Invoices: PO Purchases, 2 Way Match.	✓	
7.	Perform Match / Approve Invoices: PO Purchases, 3 Way Match.	✓	
8.	Correct PO's as requested by XYZ.	✓	
9.	Perform Match / Approve Invoices: Contract/P-Card (Concur) Purchases and Exceptions - (No PO, No Contract, Unmatched, etc.)	✓	
10.	Provide new or updated DoA (Delegation of Authority) for coders and approvers.	✓	

11.	Maintain Workflow approval authority matrix and make updates accordingly. Provide L0/L1 support for AP TRAC Workflow tool 24*5 (i.e. Monday to Friday), where L0 includes ticking tracking, prioritization and issue analysis, and L1 includes deployment, monitoring, and collaboration with the development team as required		✓
12.	Approve invoices as they are routed through the Workflow tool.	✓	
13.	Identify invoices required to go on hold and communicate to XYZ.	✓	
14.	Place invoice on hold or remove them from hold as instructed by Customer.		✓
II.	2.3.2 Process Payments		
15.	Generate AP Payments (Scheduled or Automated).		✓
16.	Generate AP Rush Payments (ACH or AP) as instructed by Customer.		✓
17.	Request AP Rush Payments (ACH or AP).	✓	
18.	Execute AP Rush Payments (Wire).	✓	
19.	Perform Escheatment Processing Steps on AP stale items		✓
20.	Confirm successful transmission of daily electronic disbursement files with Customer banking institution		✓
21.	Coordinate Escheatment data submission and filings with MarketSphere	✓	
22.	Provide backup for any manual 1099 filings to XYZ	✓	
23.	Perform 1099 Processing from AP	✓	
24.	Communicate void and stop payments.	✓	
25.	Execute void and stop payments as requested by Customer.	✓	
26.	Route special handling checks to Customer for review	✓	
27.	Approve special handling checks for distribution	✓	
28.	Perform Netting processes to determine if there are any offsetting AP and AR balances.	✓	
29.	Approve any identified offsetting AP and AR balances for Netting.	✓	
30.	Execute Netting Transactions for offsetting AP and AR balances.	✓	
31.	Prepare AP Accrual for unvouchered invoices based on Purchasing System Reports and unapproved Workflow invoices.	✓	
32.	Approve AP Accruals of unprocessed invoices (in summary)	✓	
33.	Create AP credit memo, per the findings from payment duplicate identification tool (Doppel Scanner)		✓
III.	2.3.3 Perform PTP Reconciliations and Period End Close Activities		
34.	Perform Period End Close activities for AP including closing the AP Module.		✓
35.	Perform AP Vendor Statement Reconciliations (escalate to Customer as needed).		✓
IV.	2.3.4 Manage Vendor Data / Vendor Master		
36.	Establish & Approve AP master data maintenance policies and procedures	✓	
37.	Maintain AP master data and process change requests related to Vendor changes		✓
38.	Approve Vendor additions / changes in AP master data	✓	
39.	Validate Vendors TIN's with IRS.	✓	

B.	Procure to Pay - Resolve Accounts Payable Disputes & Inquires		
I.	2.3.5 Address Vendor Inquiries; Handle Disputes and Exceptions		
40.	Receive/Record and Resolve AP Vendor Inquiry or Dispute		✓
41.	Process / Route Vendor Inquiry or Dispute to the appropriate party to resolve		✓
42.	Escalate any assigned inquiries that have not received a response from the assigned individual to the DNC GPO after 7 days.		✓
43.	Perform Root Cause Analysis on AP Vendor Inquiries as necessary to correct upstream process		✓

6. CAPEX

Item	CAPEX	DNC	XYZ
		Customer	Supplier
A.	CAPP Forms		
1.	Submit the updated CAP form with the supporting documents for processing	✓	
2.	Validate the CAPP form against the supporting documents and the policies decided by the customer		✓
3.	Raise Query for missing/incorrect documents/information with the respective Operating Unit		✓
4.	Reject incorrect & incomplete CAPP form back to the respective Operating Units		✓
5.	Resolve queries/exception raised by supplier / Provide the missing/incorrect documents	✓	
6.	Respond to queries raised by Operating unit for CAPP forms		✓
7.	Create the Project in PMWeb as per the CAPP form, attach the supporting documents for the respective projects		✓
8.	Inform approvers to approve the project's in PMWeb as per the decided timelines		✓
9.	Review and share the updated CAP form, basis the updated COA on Monthly basis		✓
B.	CAPP Invoices		
10.	Submit the CAPP invoices for processing in the respective mail box	✓	
11.	Receive and Process CAPP Invoice Including indexing of headers in PMWeb		✓
12.	Perform coding for CAPP Invoice distribution lines in PMWeb, as per the policies		✓

13.	Raise Query for missing/incorrect documents/information with the respective Operating Unit, with follow-ups as per agreed timelines		✓
14.	Reject incorrect & incomplete CAPP invoices back to the respective Operating Units		✓
15.	Resolve queries raised by supplier / Provide the missing/incorrect documents	✓	
16.	Select the approvers for invoices as per the policies and submit the invoices for approval		✓
17.	Follow-up with the Approvers for approving the invoices in PMWeb		✓
18.	Approve the invoices in PMWeb, as per the approval matrix	✓	
19.	Upload the invoices in Finance Manager, after the vouchers are created		✓
20.	Respond to queries raised by Operating unit for CAPP invoices		✓
21.	Share the list of parked invoices with the customer for Accrual		✓
22.	Perform the stamping process with the required information and upload these invoices in GOIO		✓
C.	Commitment Processing		
23.	Send approved project request to create Commitment	✓	
24.	Validating Capp form and document		✓
25.	Create commitment in PMWeb, based on the documents submitted		✓
26.	Raise Query for missing/incorrect documents/information with the respective Operating Unit, with follow-ups as per agreed timelines		✓
27.	Reject incorrect & incomplete commitment requests back to the respective Operating Units		✓
28.	Resolve queries raised by supplier / Provide the missing/incorrect documents	✓	
29.	Respond to queries raised by Operating unit for CAPP Commitments		✓

7. Fixed Assets

		DNC	XYZ
Item	Record-to-Report - Fixed Assets	Customer	Supplier
A.	Fixed Asset Accounting		
I.	Establish and Communicate Fixed Asset Policies and Procedures		
1.	Establish, Communicate & Approve Fixed Asset Policies and Procedures	x	
2.	Communicate Fixed Asset Policies and Procedures		X
II.	Record Asset Acquisition / Disposition		
3.	Record Asset Acquisition / Capitalization / Enhancement / Adjustment / Reclass / Transfer transactions		x
4.	Record Asset Dispositions, Retirements, Impairments.		
5.	Review smallware expense, identify qualifying capital expense, and record cost adjustments		x
III.	Construction in Process		
6.	Maintain communication procedures with Customer to identify project completions and place completed projects in-service		x
7.	Provide in-service dates/authorize project completion	x	
8.	Record and evaluate Construction-in-Process activity and balances		x
9.	Create Project # in PS Project Costing	x	
III.	Repair and Maintenance		
10.	Analyze Maintenance and Repair Expense Transactions to identify any items eligible to be capitalized and Approve Reclass of Repair and Maintenance to capital.	x	
III.	Physically Track Assets		
11.	Issue Asset Tags and Physically Track Assets at the Unit	x	
12.	Perform Asset Physical Inventory	x	
IV.	Properly Value Assets for Accounting Purposes		
11.	Maintain and reconcile contract/asset life mapping table in PeopleSoft, review depreciation run-out queries, adjust asset depreciable lives based upon reconciliation and notify Customer weekly of any adjustments		x
12.	Review and approve contract/asset useful life adjustments	x	

8. Revenue Integration

		DNC	XYZ
Item	RI	Customer	Supplier
B.	Gateway Process		
17.	Download the Gateway Report and perform the validation check		x
18.	Share the discrepancy with the Customer		x
19.	Resolve queries raised by supplier / Provide the missing/incorrect documents	x	
20.	Inform approvers on the completion of the process as per the decided timelines		x
C	Revenue Automation		
21.	Validate on the Daily Sale processing on the decided timelines		x
22.	Follow-up with the Customer on the pending resolution plan by month end		x
23.	Customer to provide an resolution plan	x	
D	Report Verification		
24.	Verify whether the POS reports are uploaded		x
25.	Follow-up with the Customer on the pending resolution plan		x
26.	Customer to provide an resolution plan on the missing files	x	
D	Suspense Process		
27.	Customer to submit the suspense query report	x	
28.	Investigate on the variance		x
29.	Resolve queries/exception raised by supplier / Provide the missing/incorrect documents	x	
30.	Preparation of Journal based on the variance		x
31.	Review and share the updated suspense report		x
E	Unmatched Process		
33.	Download the Unmatched Item report		x
34.	Investigate on the Unmatched variance & provide resolution		x
35.	Finalized status file to be shared with the customer		x

1 INTRODUCTION TO AP TRAC R3:

- AP TRAC R3 is a robust, cloud-based solution that drives automation with multi-source document ingestion, work management, quality checking and integration with different ERP systems, as well as a supplier self-service portal.
- The existing version of AP TRAC on Kofax platform will be replaced by AP TRAC R3. All existing functionalities of the AP TRAC solution will be implemented within R3 along with new set of features that will improve the solution capability.

1.1 In Scope and Out of scope functionality

IN SCOPE	OUT SCOPE
Email Introduction	Tax computation are out of scope
Scan Introduction	Payment processing
Manual Introduction	Discount management
Invoice Document OCR Extraction	
Allocation of Work items	
Invoice Processing and routing of work items in Multiple Queues	
Exception Management	
Coding and Approval Process	
Reminders and Escalation mails	
On Demand Email Functionality	
Audit / Comments History	
Dashboard / Reporting	
Authentication with OKTA	
Facilitate No PO no pay by enabling PO Flip functionality in Supplier portal	
Automated Statement Reconciliation	
Supplier Query Management	
Integration of payment details from PeopleSoft to provide visibility to Suppliers	
Delegation of Authority	
Personalized user interface	
Integration with different client systems (PO Systems, ERP Systems) at a header level – File based	

Note – The initial deployment of R3 will not include 2/3-way match functionality due to file-based integration at header-level details. However, the 2/3-way match feature is proposed to be taken up as part of suitable phase post deployment, in collaboration with different ABCD purchasing systems. Proposed Integration would be either file-based (preferred) or API-based integration (with additional line details) as part of change request.

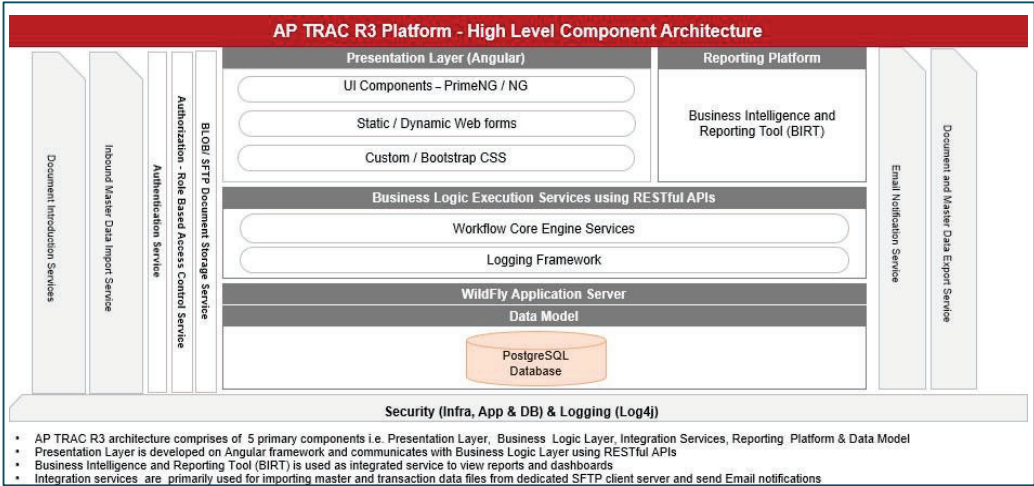

Key technology difference from existing version to AP TRAC R3 & Supplier Portal.

Sr. No.	Point of Comparison	AP TRAC (Kofax)	AP TRAC (R3) and Supplier Portal
1	Hosting	On Premise	AWS Cloud
2	Technology stack	Dot Net, KTA as underlying platform	Java, Angular, jBPM as underlying platform

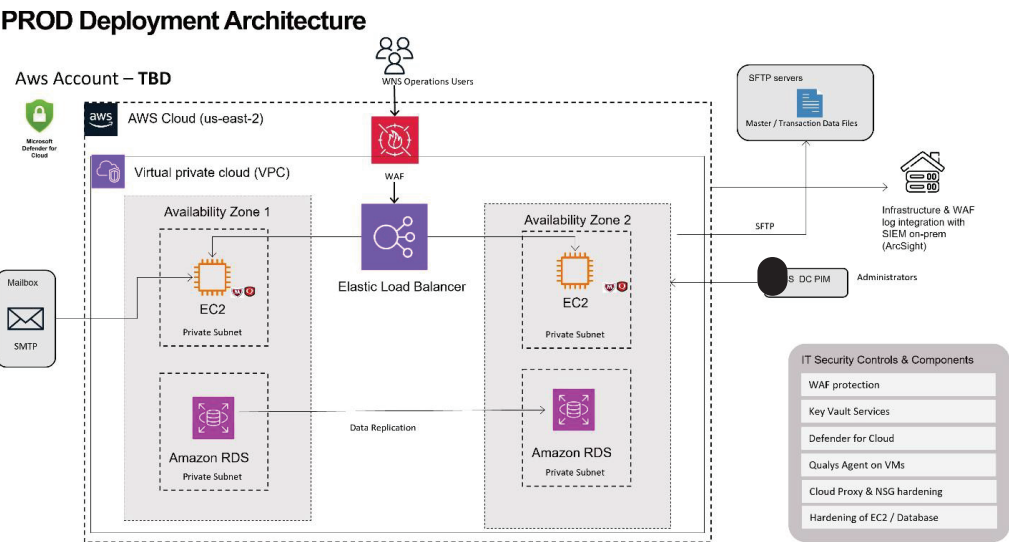

Sr. No.	Point of Comparison	AP TRAC (Kofax)	AP TRAC (R3) and Supplier Portal
3	OCR Engine	Kofax Capture	AWS Textract
4	Data Control	Less control over data storage and management	More control over data storage and management as PAAS services will be used
5	Support & Maintenance	High dependency on Software Supplier for support / maintenance activities	No dependency on third parties as it will be completely managed by XYZ team
6	Security/ Software Upgrades	Upgrade to higher Kofax version is required to ensure compatibility with new security features	It's an in-house product, it will include all the required security features

1.2 Architecture

(a) Component Architecture

(b) Deployment Architecture

1.3 Data backup, Data Purging & Disaster Recovery

(a) Backup process

RDS database instances will have automated backups enabled for point-in-time recovery. Daily full snapshot of database will be created during the specified backup window.

(b) Data Purging

Existing data purging policy would continue as mentioned below -

- Purging of data will be for Completed work items, If any work item is not completed within the agreed duration of Purging it will not be purged in AP TRAC system until it is completed
- We will purge all Invoice images, supporting documents, product table, meta data, reporting data, outbound (posting) file, inbound (acknowledgement) file and transaction data of WIs which are completed in the AP TRAC R3
- Below mentioned are the status of Work items for which we are going to purge data.

Status	Purging	Purging Duration
Job Completed	Yes	Greater than 15 Months
Cancelled	Yes	Greater than 15 Months
Discard	Yes	Greater than 15 Months
Duplicate-Cancelled	Yes	Greater than 15 Months
MiscDocs-Cancelled	Yes	Greater than 15 Months
MultiDoc-Parent-Cancelled	Yes	Greater than 15 Months
ReScan-Cancelled	Yes	Greater than 15 Months
RTV-Cancelled	Yes	Greater than 15 Months

- There will not be any purging activity to be done for Master data
- After purging data reflecting in the APTRAC will be for last 15 months only
- The purging frequency will be quarterly
- Any additional purging requirement will be finalized as part of process discovery and design phase
- Purging will done based on the approval of data from ABCD.

(c) Disaster Recovery

- Disaster Recover site for solution will be implemented in AWS US East (North Virginia) region
- DR drill will be conducted once a year in consultation with ABCD team
- Recovery Point Objective (RPO) will be around 24 hour
- Recovery Time Objective (RTO) will be around 48 hours
- RPO and RTO will be refined further after completing first planned DR drill

(d) High Availability

- The Multi-AZ production site in AWS US East region will ensure high availability.

(e) UPTIME

- System uptime (AP TRAC R3, Supplier Portal) commitment is 97%. For any planned maintenance activities, there will be scheduled downtime and same will be communicated in advance. These hours will be excluded in Uptime calculation.

Group	Accounts Payable
Objective	Track availability of key systems
Calculation	Total time when the AP TRAC R3 or Supplier Portal are available during the agreed time (excluding planned maintenance hours) in the given period. divided by Total time during the agreed time (excluding planned maintenance hours) in the given period. expressed as a percentage. Note: 1. Downtime is considered only if more than 50% of business users are not able to access the application. 2. Above calculation excludes planned maintenance hours (All planned maintenance activities will be notified with a notice of minimum 24 hours in advance (Examples of planned maintenance: Server patching, Security patches, Schedule restart, etc) 3. Above calculation excludes down time caused because of integration related issues (with any of the interface systems) 4. Minimum uptime estimated to 97% and Expected uptime estimated to 99.00% 5. The committed minimum and expected uptime to be factored post 6 months go live each of AP TRAC R3 and Supplier Portal. If required, we can revisit this clause after 3 months of go live. 6. Application uptime is calculated based on 24x7. SLA % is also factored considering sparse availability of support resources during weekend. Availability of support for uptime during weekends will be on a best-case basis.
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	

Reporting Period	Monthly
Hours of Support	Support Business hours is 24x7 (Mon to Sun).

(f) Support Escalation Matrix

Levels	Contact Details
<u>Level 0</u> When the first instance of the issue or problem is to be reported.	L0/L1 Support Team: Email: ABCD.BPMSupport@XYZ.com
<u>Level 1</u>	MSD_Support_TeamLead@XYZ.com
<u>Level 2</u>	WTSADMLLead@XYZ.com

Note – The escalation matrix needs to be revisited 6 months post implementation.

(g) Fees

Components	Year 1	Year 2	Year 3	Year 4	Year 5	TCV
	Aug'24 to July'25	Aug'25 to July'26	Aug'26 to July'27	Aug'27 to July'28	Aug'28 to July'29	
Kofax Recurring Cost for 6 months	162,500	0	0	0	0	162,500
One Time Implementation Cost (R3+Supplier Portal)	374,505	0	0	0	0	374,505
Recurring Cost (R3 + Supplier Portal)	146,345	231,808	218,966	214,180	208,859	1,020,158
Total	683,350	231,808	218,966	214,180	208,859	1,557,163

(h) Assumptions

Sr. No#	Details
1	Primary site of AP TRAC R3 / Supplier portal will be hosted in AWS US East(Ohio) Region and DR site will be US East (North Virginia)
2	Total number of invoices considered is 600K per annum, each invoice with 2 pages and English invoices only
3	Total number of top high contributing active Suppliers considered as 10K and no. of concurrent Suppliers accessing the solution is assumed as 100 for Supplier portal
4	L0/L1 Support has been factored for 24*7
5	Total number of AP TRAC R3 user considered is 1100 with 150 concurrent users
6	Inbound/Outbound integrations will be established through existing header level file based
7	Payment files will be provided from PeopleSoft system through file-based integration
8	The current Scope of AP TRAC R3 includes Introduction of invoices, OCR extraction, exception management, coding, approval and leveraging, as is integration (file based) with ABC North Purchasing (NetSuite, Birch Street, EATEC and CheckSCM) at header level and ERP systems (PeopleSoft).

Sr. No#	Details
9	Scope of Supplier portal includes view of invoice/payment status, uploading of invoices, conversion of PO to invoices, raise/resolve queries, and submission of statement recon requests
10	Implementation cost is derived on implementation timeline of 32 weeks for AP TRAC R3 and Supplier portal combined
11	Organization change management and supplier training/ business rollout will be responsibility of ABC North
12	4 weeks of hyper care has been factored in the pricing each for AP TRAC R3 & Supplier Portal
13	Train the trainer approach has been assumed for the UAT training
14	Solution will support English language only
15	FTE savings of 8 have been considered due to R3 and 4 due to Supplier portal implementation, which are indicative numbers and is contingent on factors mentioned in point 16 below.
16	FTE saving benefit is derived based on the following factors – - Quality of invoice image for delivering OCR extraction nearly 85% - Effective parking exception management within AP TRAC R3 - Key Suppliers timely onboarding and effective usage Supplier portal
17	Any change in the defined scope/integration / future enhancement/s to be jointly discussed and agreed to be taken through CR process (as is being followed currently as per defined process)
18	Any delay due to change in scope/ resource availability to be jointly discussed with ABCD and XYZ leadership to agree for common plan for action
19	Any change management process for adopting AP TRAC R3 / Supplier portal will be ABCD responsibility
20	Features mentioned in Section - 2 will be customized /configured as per ABCD requirements.
21	Data and documents will be retained within R3 for 15 months, after which it will be purged as per policy defined

2 INTRODUCTION TO ZOHU DESK & ZOHU ANALYTICS:

- Zoho Desk is a robust, third-party cloud-based case management tool that allows business teams to streamline and collaborate their work practises by easy and effective tracking of each query/request through its life cycle.
- Zoho Analytics is a robust reporting module which is integrated with Zoho Desk and provides a host of complex reports and dashboards.

2.1 In Scope and Out of scope functionality

- Standalone Single Zoho Desk Professional instance and Single Zoho Analytics Premium instance with following F & A departments, the list below maps the structure of Group mailbox present in Zoho:
 - PTP
 - RTR
 - OTC
 - RTR – Patina

- OTC – Patina
- Patina Restaurant Request
- CAPEX
- CAPEX Invoice Process
- Below table depicts the count of Zoho Desk licenses budgeted for the entire duration of the contract:

License Requirement	Year 1 Aug'24 to Jul'25	Year 2 Aug'25 to Jul'26	Year 3 Aug'26 to Jul'27	Year 4 Aug'27 to Jul'28	Year 5 Aug'28 to Jul'29
XYZ & ABCD Users	173	127	127	127	127
RPA Production Users	6	6	6	6	6
Support users	2	2	2	2	2
Sandbox users	5	5	5	5	5
Total Users	186	140	140	140	140

- 1 Application license of Zoho Analytics (Premium) comprises of 15 user licenses (XYZ and ABCD users – 14 and Zoho Support Team – 1)

(a) Support Escalation Matrix

Levels	Contact Details
<u>Level 0</u> When the first instance of the issue or problem is to be reported	L0/L1 Support Team: Email: ABC_ZohoDeskSupport@XYZ.com
<u>Level 1</u>	
<u>Level 2</u>	
<u>Level 3</u>	

(b) Fees

Components	Year 1 Aug'24 to Jul'25	Year 2 Aug'25 to Jul'26	Year 3 Aug'26 to Jul'27	Year 4 Aug'27 to Jul'28	Year 5 Aug'28 to Jul'29	TCV
License Cost	\$ 49,508	\$ 37,605	\$ 37,605	\$ 37,605	\$ 37,605	\$ 199,928
Support Cost	\$ 59,129	\$ 46,286	\$ 48,138	\$ 50,063	\$ 52,066	\$ 255,682
Total Cost	\$ 108,637	\$ 83,891	\$ 85,743	\$ 87,668	\$ 89,671	\$ 455,610

(c) Assumptions

Sr. No#	Details
1	Single standalone Zoho Desk instance (Professional) is implemented as per scope, which can support a maximum of 10 mailboxes/departments. There is no integration in place with any other system/application.

2	Each department will receive mails via auto-forwarding rule set up by ABC North IT Team. There is 1-1 mapping between a ABC North mailbox and corresponding department set up in Zoho Desk.
3	Zoho Analytics - Premium Version is implemented as per scope. The number of records that can be synchronized in total between Zoho Desk & Premium edition of Zoho Analytics is 5 million. The record synchronisation period is set to 18 months. To increase the limit of synchronization additional charges will be applicable.
4	L0/L1 Zoho Support window - 24*7 (Mon-Sun) US timing.
5	Licenses and Support charges would be billed annually in advance at the start of the year. The license subscription cycle is fixed. The Zoho Desk edition cannot be downgraded in the middle of the subscription cycle. Additional licenses can be procured on a pro-rated basis and additional charges will be applicable
6	XYZ will duly notify any increase in license charges should Zoho Desk increase their license charges. Any license renewal/increase in license count post notification will have revised license charges notified and incremental charges would be applied. Existing annual subscription cycle will not be affected by this revision.

3 INTRODUCTION TO DOPPEL SKANNER:

Doppel Scanner is a new age solution to identify duplicate data. The offering is targeted at flushing out potential duplicate invoices/payments, which is then investigated/audited to weed out overpayments.

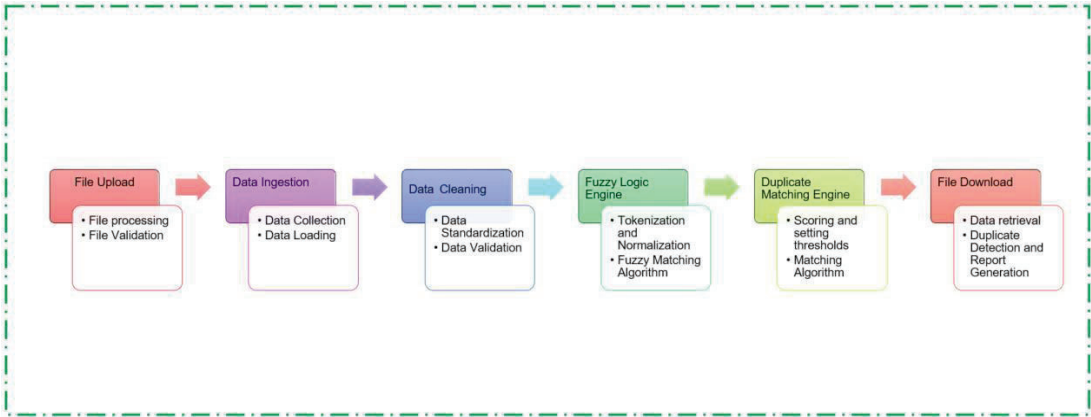

3.1 In Scope and Out of scope functionality

IN SCOPE	OUT SCOPE
Invoice Duplicates	System Integration
Vendor Duplicates	Dashboarding
Fuzzy Matching of Vendor Names & Invoice Numbers	Workflow
	Relational Database

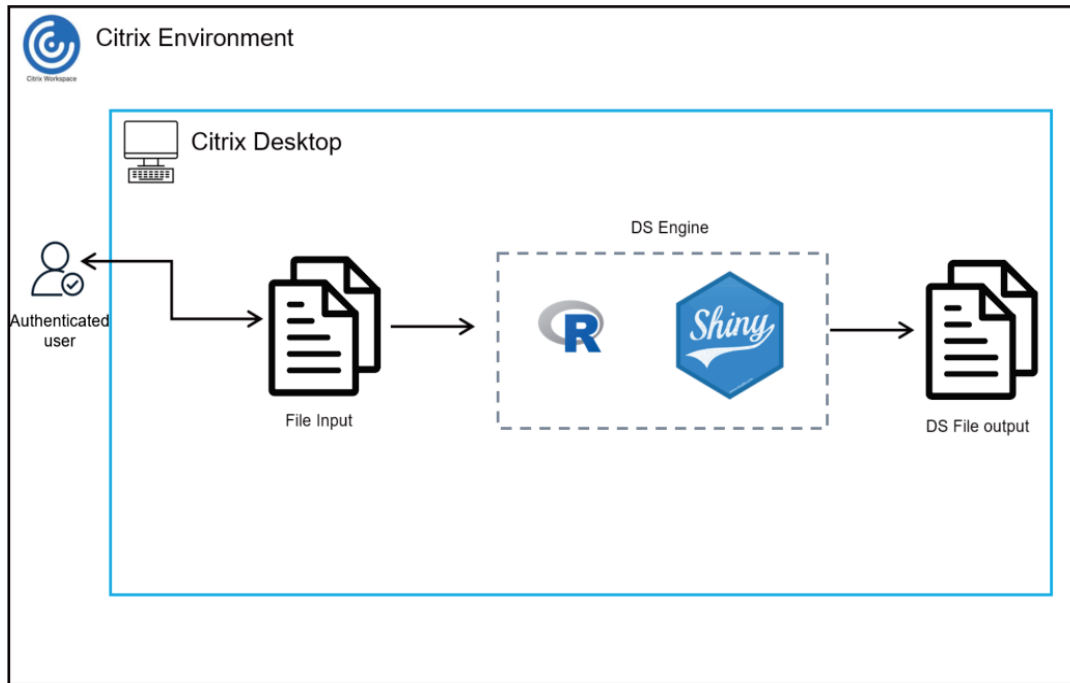

Note: The scope is with respect to the current version of Doppel Scanner running in ABC North currently. We recommend moving to upgraded version which includes dashboarding, workflow and database functionalities.

3.2 Architecture

(a) Component Architecture

(b) Deployment Architecture

3.3 Data backup, Data Purging & Disaster Recovery

(a) Backup process

- The AP Process maintains a spreadsheet databased on a shared drive, managed by XYZ Payments team. All incremental data is daily updated on to the Shared Drive
- This backup process is manually performed daily by the AP team.

(b) Data Purging

Currently, there is no established purging policy. The data is maintained at least for One year by the AP team.

(c) Disaster Recovery

- Data is stored on a Shared Drive with backup availability.
- The application will be repaired or reinstalled in the specified Citrix environments.
- A disaster recovery (DR) drill will be conducted annually in consultation with the ABCD team.
- The Recovery Point Objective (RPO) is targeted to be approximately 24 hours.
- The Recovery Time Objective (RTO) is targeted to be approximately 48 hours.
- RPO and RTO will be further refined after completing the initial planned DR drill.

3.4 High Availability

The application is implemented using fat client architecture, which is deployed across multiple Citrix systems to ensure high availability. In the event of a failure in one

Citrix system, another system serves as a backup to support uninterrupted daily operations. This redundancy in deployment enhances reliability, allowing users to seamlessly access and utilize the application without disruption, even during technical issues or maintenance periods.

3.5 UPTIME

The system uptime commitment for Doppel Scanner is 99%. Any planned maintenance activities will result in scheduled downtime, which will be communicated in advance. These hours will be excluded from the uptime calculation.

3.6 Support Escalation Matrix

Levels	Contact Details
Level 0	ABCD.BPMSupport@XYZ.com
Level 1	ds.support@XYZ.com
Level 2	fiab.support@XYZ.com

3.7 Fees

	Annual One-time Charges	Monthly Charges	Total for one year	Total for 5 years
Charges	\$6,800	\$1,200	\$20,000	\$100,000

3.8 Assumptions

- In-case, the data shared is not in excel file XLSX/.CSV, or need a significant level of data preparation, modification to clean the data, XYZ will intimate its impact on project timelines.
- Payment Terms & Termination Clause will be governed as per existing MSA.
- Implementation Charges will be billed upfront in month 1 of the contract & all application fees, licenses fees & support charges will be billed monthly.
- Pass through charges like PSTN, postage, courier, Po Box, and specific travel undertaken at customer request, etc. being volume dependant will be recovered on actual. Any T&E associated with the engagement shall be charged additionally on actuals.
- The costs are excluding taxes (if any) e.g., Sales-Tax, VAT, GST etc. Any applicable taxes shall be charged at then prevailing rates.

4 RPA

4.1 Scope of Work

- The scope of work is limited to the support and maintenance of existing automations that have been deployed within ABCD environment, between May- 2023 to Jul-2024, as part of the already approved and executed CR.
 - COF Reference Number: ABCD_XYZ_COF#0063
 - Change Request Reference Number: CR#63
- A standard run-support of (shared support) for 1 Shift 8x5 (India Business Hours) has been considered for this project; that'll include only bug fixes and minor changes as per the capacity available.

- Only bug-fixes and minor changes are considered in the scope. Additional Development Requirements to be discussed separately, on case-to-case basis with operation team.
- The document defines the pending run support work that was part of the above-mentioned CR, with an addition of one more year.
- The scope does not include any kind of implementation of RPA Change Request
- Any change in the existing or deployed automation due change in process, steps, application UI or the Robot/RPA environment, is not part of the scope and will be taken up as a separate CR/Change-Request

Production Run Support for of Automations Deployed for ABCD (in 2023-24)

List of Automations and Statuses (as on 2024-Jun-25)				
#	Area	Name	Current Status	Go-Live Date
1-1	RTR	Journals Entry - Adhoc	In Production	19-Feb-2024
1-2	RTR	Journals Entry - Standard	<i>In UAT</i>	<i>15-Jul-2024 - Indicative</i>
2-1	OTC	ABC - Billing	In Production	18-Sep-2023
2-2	OTC	ABC - Cash Apps	In Production	04-Apr-2024
2-3	OTC	Patina - Cash Apps - Payments	In Production	08-Dec-2023
2-6	OTC	Patina - Cash Apps - Customer Adjustment	In Production	08-Dec-2023
2-7	PTP	ABC - Payments	In Production	08-May-2024

- Automated processes [2-3] & [2-6] have been deployed as a single automation.
- The development for Process [1-2] has been completed and is planned to go-live on 15th July 2024

Number of Bots Deployed and to be Managed
8 - Automation Anywhere A360 - Cloud CR - Unattended Bot Runners

Infrastructure, Accesses, and Applications			
<i>All infra and applications have been provisioned and to be managed by client/ABCD</i>			
#	Name	Type	Owner
1	FSA Portal	Business Application	ABCD
2	EDC	Business Application	ABCD
3	Finance Manager	Business Application	ABCD
4	Blackline	Business Application	ABCD
5	ZOHO	Business Application	XYZ WTS
6	SERTIFI	Business Application	ABCD
7	Production VMs	Infra & Software	ABCD
8	Dev/Support VMs	Infra & Software	ABCD
9	Support Staff Credentials	Accesses & Credentials	ABCD
10	Default Software on VMs	Infra & Software	ABCD
11	RPA Software on VMs	RPA	XYZ IA/RPA
12	RP Code on A360 Cloud	RPA	XYZ IA/RPA
13	MS SQL Server & Databases	Infra & Software	ABCD
14	Shared Drive Folder(s) / E-Drive	Infra & Software	ABCD
15	Email SMTP Credentials	Infra & Software	ABCD

- The document defines the pending run support work that was part of the above-mentioned CR, with an addition of one more year (Year 6)

4.2 Commercials:

		Original RPA CR# 63					Added for Contract Renewal		
			May24 - Apr25	May25 - Apr26	May26 - Apr27	May27 - Apr28	May28 - Apr29	May29 - Jul29	
		Y1	Y2	Y3	Y4	Y5	Y6	Y7	Total
Recurring	Licenses -DEV		\$ 50,625	\$ 50,625	\$ 50,625	\$ 50,625	\$ 50,625	\$ 12,656	\$ 265,781
	Support		\$ 36,518	\$ 37,613	\$ 32,707	\$ 27,359	\$ 28,453	\$ 7,398	\$ 170,047
		\$ -	\$ 87,143	\$ 88,238	\$ 83,332	\$ 77,984	\$ 79,078	\$ 20,054	\$ 435,828

4.3 Pricing & Billing/Invoicing

- Existing RPA contract cycle is of May to Apr, and Y1 of that was May23 to Apr24, which has already elapsed.
- As the existing RPA contract follows a May to Apr cycle and the new ABCD Contract is of an Aug to Jul cycle, hence Y7 (May29 – Jul29) above has only 3 months, and so even though RPA support charges are in that proportion; the licenses have been prorated to an amount of \$ 4,219 per month, i.e., \$ 12,656 for 3 month (May29 to Jul29), for invoicing reasons, considering the contract will be renewed after Jul-2029; and if not, then a full year License charge of \$ 50,625 will be involved to the client/ABCD, for the 7th year as well
- RPA Licenses will be charged/invoiced upfront, i.e., 1st month of every year.
- Invoicing will be done monthly, with Support charge divided in equal amounts in 12 months of a year.
- RPA Support charges will commence from the subsequent month of go-live and will be invoiced one month in arrears; with the only exception being December, where both November and December charges will be invoiced in December.
- RPA License charges exclude any kind of vendor taxes and are indicative only, as may increase basis vendor updates in the future.
- The commercials are for the already deployed automations and any change in scope or addition of new automation will require a separate discussion and preparation of commercials.
- The charges are incurred by XYZ at a yearly level, and any removal of automation or Bots, will still require client/ABCD to pay for the above listed charges.

4.4 ABCD Infra Requirements

		Comment
Control Room Web URL from AA Cloud	2	For Robot Management → DN IT has decided to allow Automation Anywhere A360 Cloud based Control Rooms → DN IT will <u>provided</u> access to existing SQL Server, to implement custom Databases
Development VDI's	3 – 6	3 to 6 Virtual-Desktop/AWS within Delaware North environment, with access to test-environment of business-applications Configuration as per "Infrastructure Requirement" slides
Production Machines/VDI's	8	8 Virtual-Desktops/AWS, within Delaware North environment, with access to PROD-environment of business-applications Configuration as per "Infrastructure Requirement" slides → The number of robots that have been calculated is based on a high-level study of in-scope volumetric, for respective processes and may need changes post a detailed analysis & design
Application Access		Separate access for 6 developers in Test Environment for related Business Applications Access to DEV & PROD Control Room Servers and SQL Database

4.5 Assumptions:

#	Type	Assumptions
1	Infrastructure	XYZ to provided RPA licenses: □ RPA Licenses for Development / Testing & Production will be procured & managed by XYZ 1) Automation Anywhere Control Room(s): 2 2) BOT Creators (Development): 3 3) BOT Runners (Production): 8 Client/ABCD IT to provide the infrastructure for the RPA platform: ABCD to provide virtual machines or VDIs for development & production BOTs ABCD to provide SQL Server instances for creating/managing RPA setup related Databases 2) Virtual Desktops/VDIs (Development): 3 3) Virtual Desktops/VDIs (Production): 8 4) Access to all required applications (Test instance – for Development and Production for BOTs)
2	Infrastructure	BOTs will need access to underlying client-business applications. RPA scripting will be permitted directly against the applications, and not via Citrix or any kind of remote connections.
3	Infrastructure & Implementation	Client test systems will be available, provisioned for development and testing. Test systems should be functional replica of the production systems in scope. Test systems should have adequate test data to replicate all business scenarios & use cases. If Test systems are not available, then team will use production environment of the application and do the development in a controlled manner; and would create dummy data on production application which can be used for development and testing. Assumption is that the necessary approvals for the same will be provided by Client. The scope production support will be limited to Automation Anywhere A360 version, along MS Edge based development, so any future platform/browser-based technology changes due to version upgrade etcetera will be needed to costed separately, as the situation arises
4	Implementation	There is no implementation or delivery as part of this scope, as 6+1 automations have already been deployed under previous contract.

#	Type	Assumptions
5	Costing / Pricing & Licenses	XYZ Pricing includes RPA licenses and Support cost only. No infra/desktops/server/network/windows-licenses have been included as need to be provided by client/ABCD. No add-on cost is included, which may be required to reengineer the process in creating the final solution.
6	Costing / Pricing & Licenses	RPA BOT Licenses are computed basis the assumptions under previously delivered automations, and for automating XYZ Managed processes only. Any change in volume will require a separate commercial discussion.
7	Costing / Pricing & Licenses	Provided Cost/Price is excluding taxes. The license costs are basis current known prices and discounts. Any revision in prices by the RPA Platform vendor will need to be considered at the time of renewals. Any added costs on client/ABCD side (like related to access, Windows or MS Office licenses, etc...), are not part of XYZ provided commercials and are to be managed by client/ABCD only.
8	Costing / Pricing & Licenses	RPA Platform Licenses will be Procured and Owned by XYZ. It will be valid until the Contract period. If Client wants to procure the same post Contract period, then XYZ can resell the licenses to Client. Commercials can be discussed separately
9	Costing / Pricing & Licenses	RPA Licenses will be charge upfront, i.e., 1st month of each. Support charges will be invoiced on monthly basis.
10	Savings	There is no implementation or delivery as part of this scope, as 6+1 automations have already been deployed under previous contract.
11	Process	Process scope should remain the same as what is delivered as part of previous contract. Any change in scope, i.e., process design document for the delivered automations (PDDs) or anything related to the business applications like Zoho, EDC, FM, Blackline, Sertifi, et cetera, are not in scope and will have to consider separately as change-request. Commercials for a CR will be discussed separately. Any change in the application UI will influence RPA; and post analysis would be considered as a separate change-request.
12	Process	All target business applications should remain compatible against the RPA Tool - Automation Anywhere 360. There should be no regulatory restrictions in BOTs accessing these applications; nor a CAPTCHA/TOKEN/OTP based login required. All inputs would be a standard & structured. This will be validated during prerequisites or analysis phase.
13	Process	All other process assumptions that were part of the previously delivered contract remain applicable here.
14	Support	A standard run-support of for 1 Shift 8x5 India Business Hours (shared support) has been considered for this project; that'll include Bot monitoring, bug fixes and minor changes as per the capacity available, during this contract. Only bug-fixes and minor changes are considered in the scope. Additional Development Requirements can be discussed separately, on case-to-case basis. Robot output monitoring needs to be managed by XYZ operation team; and would be provided necessary trainings or control mechanisms

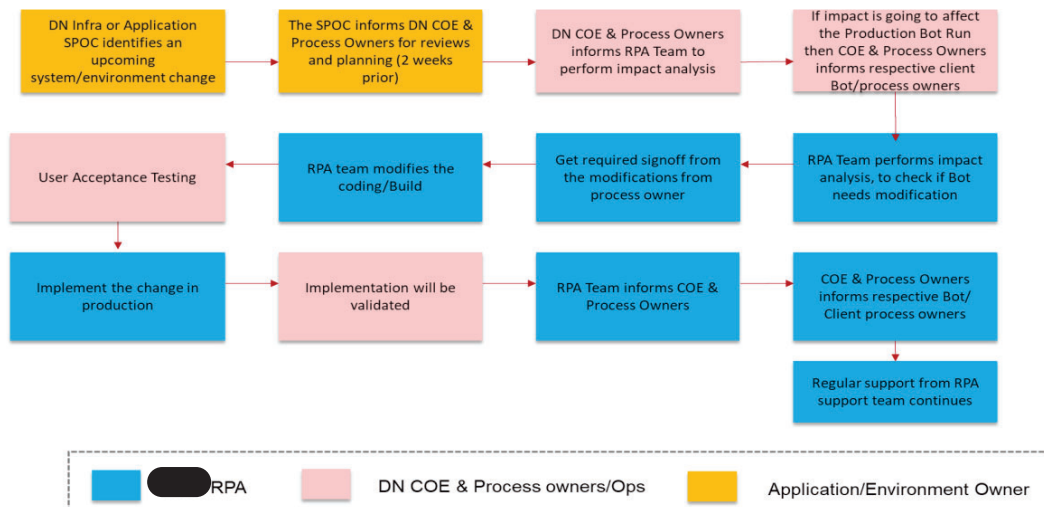

4.6 RPA Set up and Architecture Diagram

4.7 Activity and Role Matrix

Activity	Details	Responsibility
Connectivity	• VPN/connectivity from WNS India, to access DN infrastructure	DN IT [redacted] T
Infrastructure Setup	• Setup of Development, UAT & Production machines • Provisioning (and setup if not already exists) of SQL Server Database (as per listed config) – Machine/Server setup and Installation of SQL Server • InfoSec management & approvals	DN IT
RPA Software Installation	• Bot Creator/Bot Runner installation on UAT & Production machines • Access to Control Room Cloud URL from Development and Production machines • Required application installation.	[redacted] RPA Team (+ DN IT support)
Accesses	• New user creation for RPA Team • Access to TEST instance of business applications for Development & UAT • Access to PROD instance of business applications for Robots/Production	DN IT
Implementation	• Design, Build and Test for respective automations	[redacted] RPA Team
UAT	• Operations SME to run test cases/scenarios for respective automations	Operations (WNS & DN)
Deployment	• Dev to UAT, and to Production	[redacted] RPA Team
Run Support	• L1/L2 Support	[redacted] RPA Team
Hardware Management	• Managing OS and underlying infra for all machines & servers; along with access management	DN IT

4.8 Business Application/ABCD Environment change process

4.9 Change Request Management / Implementation Process

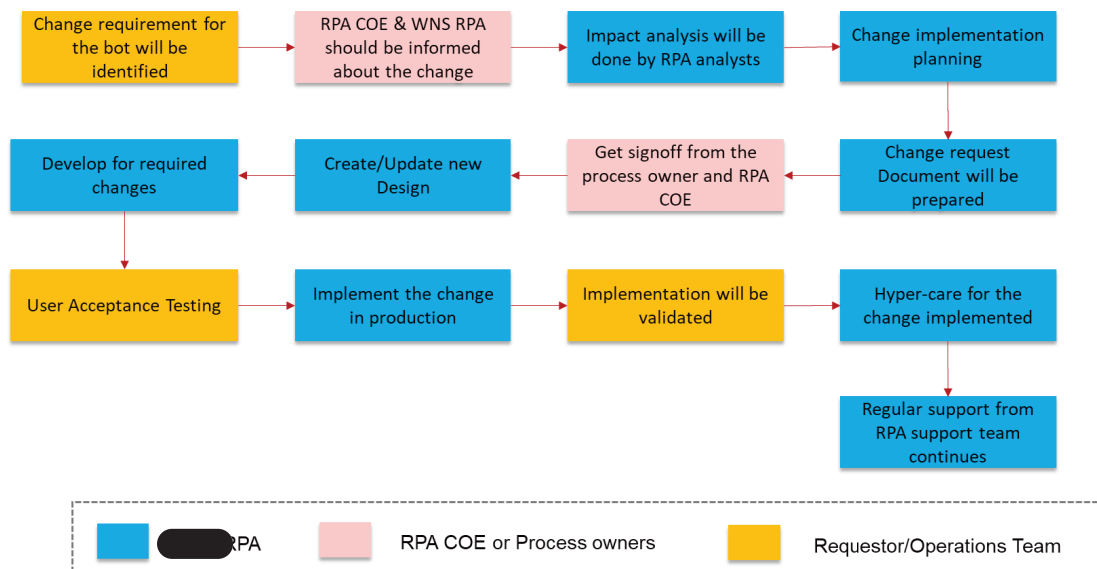

EXHIBIT 2(A)
PRICING AND FINANCIALS PROVISIONS EXHIBIT

To

STATEMENT OF WORK #1

Dated

July 20, 2024

under the

MASTER SERVICES AGREEMENT

between

[REDACTED]

and

[REDACTED]

Dated

JULY 20, 2018

1. GENERAL

This is the “Pricing and Financial Provisions” Exhibit to Statement of Work #1 governed by that certain Master Services Agreement dated as of the Effective Date. All capitalized terms used herein without definition shall have the meanings given to such terms in the “Definitions” Schedule, the SOW No.1 to which this Exhibit relates (including other related Exhibits), or elsewhere in the Agreement.

1.1 Definitions

- (a) “Additional Resource Charge” or “ARC” shall mean the product of (i) the incremental number of Resource Units utilized above the Resource Unit Baseline and (ii) the applicable ARC Rate.
- (b) “Annual ECA Event” has the meaning given in Section 11.1(a).
- (c) “ARC Rate” shall mean the rate to be charged by Supplier to Customer for any ARC for the applicable Resource Unit. The ARC Rate shall be adjusted for COLA in accordance with this Exhibit.
- (d) “ARC/RRC Discussion Triggering Event” shall have the meaning given in Section 2.9(a).

- (e) “Base Charges” shall mean, for any Resource Unit, the Charges applicable for the quantity of Resource Units included in the respective Resource Unit Baseline.
- (f) “Base Charges Conversion Event” shall have the meaning set forth in Section 2.11.
- (g) “Base Workforce” shall mean the Chargeable FTEs for a Calendar Year or portion thereof as set forth in this Exhibit. During the Term, the Base Workforce will remain unchanged unless the Parties otherwise agree pursuant to a Repricing Event or Base Charges Conversion Event.
- (h) “Baselining Period” shall have the meaning set forth in Section 2.10(b)(ii).
- (i) “Chargeable FTE” shall mean a whole or fractional (as the Parties may agree) FTE who is included in the Base Workforce.
- (j) “Contract Year” shall mean each consecutive twelve (12) month period beginning with the first month after the Commencement Date of this Statement of Work.
- (k) “Cost of Living Adjustment” or “COLA” shall mean a cost of living adjustment calculated in accordance with Section 11.
- (l) “ECA Element” means an element of the Charges subject to Economic Change Adjustments.
- (m) “Economic Change Adjustment” or “ECA” means the monetary increase of an ECA Element in accordance with Section 11.
- (n) “Fixed Fee” means a Charge that is not subject to adjustment.
- (o) “FTE” shall mean an FTE working at the monthly rate equivalent to 1,805 Productive Hours for services delivered from India and 1,810 Productive Hours for services delivered from Sri Lanka, respectively, per annum.
- (p) “Functional Service Area” means: (i) the categories of Services listed in Services Exhibits.
- (q) “Guaranteed Productivity” shall have the meaning set forth in Section 2.7.
- (r) “Measured Volumetrics” shall mean the volume of underlying transactions for each Functional Service Area per Fiscal Month as calculated in accordance with Section 2.10.
- (s) “Ongoing Technology Charges” shall have the meaning set forth in Section 2.5.
- (t) “Pass-Through Expenses” shall have the meaning set forth in Section 2.6.
- (u) “Productive Hours” shall mean hours during which Supplier Personnel do productive work for the Customer exclusive of non-productive time such as holidays, vacation time, sick leave, personal time and meal time.
- (v) “Project Daily Rates” shall have the meaning set forth in Section 5.

- (w) “Recurring Charges” shall have the meaning set forth in Section 2.2.
- (x) “Reduced Resource Charge” or “RRC” shall mean the product of (i) the number of Resource Units in the Resource Unit Baseline that are no longer utilized and (ii) the applicable RRC Rate.
- (y) “Repricing Event” shall have the meaning set forth in Section 2.8.
- (z) “Resource Unit Baseline” shall mean, for a Resource Unit, the quantity of such Resource Units that are included in the Base Charges contained in Exhibit # 2B - Pricing Forms or as otherwise mutually agreed by Supplier and Customer for such Resource Unit. During the Term, the Resource Unit Baseline will remain unchanged unless otherwise agreed upon by the Parties.
- (aa) “RRC Rate” shall mean the rate to be credited by Supplier to Customer for any RRC for such Resource Unit. The RRC Rate shall be adjusted for COLA in accordance with this Exhibit.
- (bb) “Transition Charges” shall have the meaning set forth in Section 3.
- (cc) “Unamortized Asset Charges” shall mean that component of Termination Charges corresponding to the unamortized portion of investment made by Supplier in amortizable assets, whether purchased by Supplier from Customer or from a third party, which are entirely dedicated to use by Supplier in providing Services to Customer.
- (dd) “Utilized Inflation Percentage” means a fixed percentage of four percent (4%) for Service performed out of India and Sri Lanka.

1.2 Charges

This Exhibit describes the prices and methodologies for calculating the Charges, including the Recurring Charges, the Base Charges, Transition Charges and Termination Charges. This Exhibit also addresses other pricing terms such as Supplier’s measurement and tracking of Customer’s resource usage, other charging, credit and adjustment mechanisms, invoicing, and the treatment of Pass-Through Expenses.

The following form part of this Exhibit:

- (a) Exhibit # 2B - Pricing Forms
- (b) Exhibit # 2C - Financial Responsibility Matrix: Allocates financial responsibility for certain resources between Customer and Supplier.

2. CHARGES

2.1 Agreement Charges

The Charges include:

- (a) Account Management Charges;
- (b) Base Charges (FTE and Document Scanning);
- (c) Ongoing Technology Charges;
- (d) Pass-Through Expenses;
- (e) Transition Charges;
- (f) Termination Charges;
- (g) Project Rate Card; and
- (h) Unit Rates.

2.2 Recurring Charges

All periodic recurring Charges shall be the amounts for that Fiscal Month set out in the summary section in Exhibit # 2B - Pricing Forms (collectively and individually, the “Recurring Charges”). Recurring Charges will be prorated for any partial month. For avoidance of doubt, the Recurring Charges for Fiscal Month one (1) are already prorated as of the Commencement Date.

2.3 Account Management

The “Account Management Charges” means the Base Charges set forth in the summary section in Exhibit # 2B - Pricing Forms for the Services are the charges for that Fiscal Month in the amounts set forth in the summary section in Exhibit # 2B - Pricing Forms. Supplier shall invoice Customer the Account Management Charges as set forth in Exhibit # 2B - Pricing Forms during the Term.

2.4 Base Charges

Base Charges – FTE means the Base Charges set forth in the summary section in Exhibit # - Pricing Forms_for the Services for that Fiscal Month associated with the applicable Functional Service Area for such Services charged on an FTE basis. Supplier shall invoice Customer the Base Charges as set forth in the summary section in the Exhibit # 2B - Pricing Forms_during the Term. These Base Charges shall be subject to COLA in accordance with the provisions of Section 11 below.

2.5 Ongoing Technology

The “Ongoing Technology Charges” are set forth in the summary section in Exhibit # 2B - Pricing Forms. Supplier shall invoice Customer the Ongoing Technology Charges as set forth in the summary section in Exhibit # 2B - Pricing Forms during the Term. The Parties agree that the Ongoing Technology Charges are not subject to COLA.

2.6 Pass-Through Expenses

“Pass-Through Expenses”, if any, are set forth in the summary section in Exhibit # 2B - Pricing Forms. Supplier will notify Customer when seventy-five percent (75%) of any year’s Pass-Through Expenses are expended and any gap required to meet the expected Services. Supplier shall invoice Customer for Pass-Through Expenses with no margin or mark-up monthly along with the normal monthly invoice for Services, and such Pass-Through Expenses are Fixed Fees, for which COLA shall not apply. Supplier shall provide Customer the original third party invoice together with a statement that the charges are proper and valid and should be paid, including the summary back-up documentation and any charge-back information with respect to such charges.

2.7 Efficiency and Resource Unit Baseline

Supplier is expected to become increasingly efficient in its performance of the Services and such increasing efficiency will be reflected through the reduction throughout the Term of the number of Resource Units (and therefore Charges to Customer) reflected in Exhibit # - 2B Pricing Forms as annual reductions as set forth in the Section Mumbai 24-29 and Section Colombo 24-29 in Exhibit # 2B - Pricing Forms as annual reductions in the Resource Baseline Volumes (“Guaranteed Productivity”).

2.8 Repricing Event

- (a) A “Repricing Event” means, where the Chargeable FTEs under the Statement of work (as a whole) vary (or are expected to vary) from the Resource Unit Baseline by twenty percent (20%) or more for three (3) consecutive months.
- (b) Following written notice by one Party to the other that a Repricing Event has occurred, if a Repricing Event has occurred, the number of Chargeable FTEs shall be equitably adjusted in accordance with a plan prepared by Supplier and approved by Customer or, in the absence of such plan, as reasonably requested by Customer and approved by Supplier. Any such plan shall take into account equitable adjustments in the number of Chargeable FTEs in connection with a Repricing Event and shall be based on Supplier’s actual increase and/or decrease in Chargeable FTE’s associated therewith.
- (c) If Parties have not agreed upon an equitable adjustment to the number of Chargeable FTEs within sixty (60) days after receipt of written notice of a

Repricing Event, then at the initiative of either Party the issue shall be treated as a Dispute under Section 16 of the Master Agreement. Decisions under the dispute resolution procedures shall be effective retroactive to the date of receipt of such written notice under this Section 2.8.

2.9 ARCs and RRCs

- (a) There will be no change in the Charges in the event the number of FTEs used by Supplier to perform the Services under the Statement of Work (as a whole) varies by no more than ten percent (10%) of the then current aggregate number of Chargeable FTEs for such month. However, if the variance in the number of FTEs used by Supplier as specified in the Statement of Work exceeds ten percent (10%) in any month, then an “ARC/RRC Discussion Triggering Event” will have occurred, and the Parties will follow the process described below to determine what changes, if any, should be made to the number of Chargeable FTEs.
- (b) Supplier shall clearly and specifically advise Customer in writing with the monthly performance report whenever an ARC/RRC Discussion Triggering Event has occurred. Within ten (10) days following Customer’s receipt of such notice, the Parties shall in good faith determine whether there should be a change in the number of Chargeable FTEs, and if so, the amount of such change. The Parties shall take into account, among others things, the following factors in making such determinations: (1) the current productivity of the workforce; (2) improvements or reductions in efficiency, including that different transaction types which accomplish the same or a substantially similar goal may have a different underlying need for more or fewer Supplier Personnel (e.g., complex accounting requirements versus simple accounting requirements); and (3) changes in the mix of transactions.

2.10 Measured Volumetrics

- (a) The following provisions in this Section 2.10 describe how such Measured Volumetrics will be established following the Commencement Date:
 - (i) For a period of three (3) months after the Commencement Date (the “Baselining Period”), Supplier shall measure and report on the cumulative volume of transactions for each of the Measured Volumetrics in each Functional Service Area.
 - (ii) One month after the Baselining Period, the Parties shall meet and in good faith mutually agree whether each such Measured Volumetric is accurate. If the Parties have not agreed upon the foregoing within three months after the Baselining Period, then at the initiative of either Party, the issue shall be treated as a dispute under Section 16 of the Master Agreement.

2.11 Base Charges Conversion Event

- (a) The Base Charges shall be subject to conversion to transaction based pricing (a “Base Charges Conversion Event”). The Base Charges Conversion Event may be

invoked, at Customer's sole discretion, anytime beginning after Fiscal Month twenty-four (24) following the transition of the Services to Supplier. The conversion to transaction based pricing shall be determined for that calendar month and future calendar months as set forth below:

- (i) The actual Base Charges for the prior twelve (12) months divided by the actual total Measured Volumetrics for the prior twelve (12) months to determine a per unit rate provided the resulting converted Base Charges shall not exceed the Base Charges that would otherwise have resulted from using the current charging methodology; and
- (ii) The Parties shall agree through Change Control on the transaction-based Resource Units and Resource Unit Rates; and
- (iii) The transaction-based Resource Unit Rates determined above shall be subject to COLA in accordance with the provisions of Section 11 of this Exhibit.

2.12 Overtime

- (a) All preapproved overtime fees shall be calculated as 1.3 times of the applicable Annual FTE Rate, pro-rated for actual number of hours worked as overtime.

3. Critical Deliverable Credits and Service Level Credits

3.1 Critical Deliverable Credits and Service Level Credits

- (a) A reduction in Charges will occur in the event Supplier fails to deliver any of the Critical Deliverables within the time period specified in Exhibit # 3B - Service Level Matricies. Such credit will reduce the Charges in the amount specified in Exhibit # 3B - Service Level Matricies. A reduction in Charges will occur in the event of a Service Level Default pursuant to which Supplier will provide to Customer the Service Level Credits described in the Service Level Matrices Exhibit.

4. TERMINATION CHARGES

- (a) The projected Termination Charges as of the Effective Date are set forth in the Termination Schedule Section in Exhibit # 2B - Pricing Forms. The actual Termination Charges shall be determined using the then current monthly fees in accordance with the following schedule: (i) in Contract Years 1 and 2, three (3) months of the then current monthly Fees; (ii) in Contract Years 3 and 4, two (2) months of the then current monthly Fees; and (iii) in Contract Year 5 and after, one and one-half (1.5) months of the then current monthly Fees.

- (b) After Supplier's receipt of Customer's notice of termination of the Agreement for Convenience pursuant to Section 12.1.3 of the Agreement, Supplier will invoice Customer for any applicable Termination Charges as detailed in the Termination Schedule Section in Exhibit # 2B - Pricing Forms.
- (c) Supplier may charge for Termination/Expiration Assistance Services prior to the effective date of termination or expiration only to the extent it employs incremental resources to provide such Termination/Expiration Assistance Services, with such resources being charged at the FTE rates set forth in the Summary Section in the Exhibit # 2B - Pricing Forms. Supplier will use Commercially Reasonable Efforts to perform the Termination/Expiration Assistance Services without deploying incremental resources. Supplier will obtain the Customer's consent before deploying incremental resources.

As of the Commencement Date, there are no Unamortized Asset Charges with respect to the Services. After the Commencement Date, the Parties may mutually agree through the Change Control Procedures to add assets that may be subject to Unamortized Asset Charges.

5. PROJECT RATE CARD

Project rates are set forth in Exhibit # 2B - Pricing Forms. These Project rates shall be subject to COLA in accordance with Section 9 to the Master Agreement.

Supplier shall perform Projects requested by Customer using personnel other than Supplier Personnel then providing Services on Customer's account, and such Projects shall be charged on a daily services basis using the daily rates set forth in Exhibit # - Pricing Forms (the "Project Daily Rates"). Supplier shall not use Supplier Personnel then providing Services on Customer's account to perform Projects without the express prior approval of Customer. If the Parties agree that certain Projects will be staffed by Supplier Personnel already providing Services on the Customer account such that an individual currently not performing Services on Customer's account shall be necessary to backfill the Services that would have been performed by such Supplier Personnel, the individual providing such backfill Services shall provide such Services at no additional charge to Customer, and the Project performed by such Supplier Personnel shall be charged at the applicable Project Daily Rate. Supplier shall provide the framework for Projects within three (3) months from the Commencement Date that will be mutually agreed to by the Parties.

6. PERSONNEL PROJECTION MATRIX

Supplier shall use the personnel projection matrix set forth in Exhibit # 2B - Pricing Forms to present to Customer the effect on Customer's employees, the number of Supplier Personnel required, and to communicate the speed with which the in-scope Services will be migrated to Supplier (a "Personnel Projection Matrix").

7. MEASUREMENT AND RECORDING OF RESOURCE UNITS

Supplier shall, for each month of the Term beginning on the Commencement Date, track and report on the Resource Units for the Services during each such month. Supplier shall provide such

information to Customer within ten (10) business days after the end of each such month during the Term.

8. EFFICIENCY COMMITMENTS FOR NEW SERVICES

If New Services are added under this Agreement after the Commencement Date, then the Parties shall use good faith efforts to agree on efficiency commitments for such New Services and such commitments shall be documented in an amendment.

9. FOREIGN EXCHANGE

All Charges will be billed in U.S. dollars.

Customer will not assume any currency risk resulting from services related to this outsourcing transaction. Charges will be without adjustment for Foreign Currency effects.

10. GAINSHARING

10.1 Gainsharing Objectives

- (a) Both Parties acknowledge that the successful introduction of any gainsharing arrangements under this Exhibit in respect of improvement initiatives (“Improvement Initiatives”) involves:
 - (i) Recognition that the performance of both Parties may be required to achieve the Improvement Initiative;
 - (ii) Creation of incentives for both Parties to participate and sustain the Improvement Initiative; and
 - (iii) Recognition that each Party will appropriately share in the risks and rewards of each Improvement Initiative.
- (b) Both Parties acknowledge that gain share (beyond the Resource Unit Baseline) that results in a reduction in actual Supplier effort (as measured in the applicable Resource Unit) used to perform the Services beyond the aggregate Resource Units projected for performing the Services for the Term (after taking account of the committed productivity commitment) will be shared in the ratio of 50:50.
- (c) For the avoidance of doubt:
 - (i) Where gains are brought about and require financial and other investments for the benefits to be achieved, the Party or Parties making the investment shall be reimbursed their costs prior to the application of the gain share ratio;
 - (ii) To qualify as an Improvement Initiative subject to this Section 10, the applicable improvement initiative must be agreed upon in writing by the Parties; and

(iii) Either Party may choose not to participate in an Improvement Initiative.

11. COST OF LIVING ADJUSTMENT (COLA)

11.1 Application of ECA to ECA Elements

- (a) Annual Application. Beginning on twelve (12) months following the SOW No.1 Effective Date and annually thereafter (each, an “Annual ECA Event”), the Parties will apply an Economic Change Adjustment to each of the ECA Elements in accordance with this Section 11. Such Economic Change Adjustments shall be effective as of the date of the Annual ECA Event (e.g., August 1, 2024, August 1, 2025, etc.). The Parties shall meet ninety (90) days before any ECA is applied to the ECA Elements.
- (b) Calculation of ECA. For each ECA Element, the Economic Change Adjustment shall be calculated by multiplying the ECA Percentage (using the applicable country Inflation Percentage for such ECA Element). For example, if, on August 1, 2024, there is an ECA Percentage of four percent (4.00%), with an ECA Element rate of \$100.00, the ECA for such rate would be calculated as: $((0.0400 * 100))$, or \$4.
- (c) Amendment of Exhibits. Promptly after the completion of each Annual ECA Event, the Parties will amend the applicable Charges to reflect the updated rates of the ECA Elements, by adding the initial rate of an ECA Element to its corresponding ECA for such Annual ECA Event. In the example above, if there was an ECA for \$4.00 with an ECA Element of \$100 on August 1, 2024, the updated value applying on August 1, 2024 going forward would be calculated as: $\$100.00 + \$4.00 = \$104.00$.

11.2 Intentionally omitted.

12. BENCHMARKING

Any adjustment to the Charges that result from a benchmarking under Section 9.8 of the Master Services Agreement shall be made as set out in Section 9.8 of the Master Services Agreement.

ABC North Companies, Inc. Proposed
Risk Reward Key Metrics - XYZ

ABC North Companies, Inc. Proposed						
Risk Reward Key Metrics - XYZ						
	Payment is as Agreed less Service Credit		Payment is as Agreed		Key Metric Weighting	Potential at Risk (Per Annum)
	Threshold		Target			
Key Metric	Metric	Measure	Threshold	Target	Percentage	< Threshold
Customer Satisfaction	Customer satisfaction score based on periodic surveys.	Survey question responses rated on scale from Strongly Disagree (0) to Strongly Agree (5)	<3.8	4.5	25%	\$ 50,000
	Varies by Workstream	Account Reconciliation and Journal Entries: Average of Acct Rec Score Card and Average of JE Score Card	<90%	90%	25%	\$ 50,000
Quality						
System Uptime	Key systems uptime (RPA, APTrac R3, Integrations, Zoho)	Total system uptime / # monthly calendar hours	<97%	99%	20%	\$ 40,000
	Varies by Workstream	Account Reconciliation Rejection Rate: 1 minus (# recs rejected by GBS Buf / 3 recs XYZ prepared in the month)	<97%	99%	20%	\$ 40,000
Accuracy						
Timeliness	Varies by Workstream	Percentage of reconciliations completed by the agreed-upon deadlines: # recs completed by due date / total # of recs that should have been completed.	<97%	99%	5%	\$ 10,000
Efficiency	Efficiency	Time savings achieved: # FTE hours repurposed per year (assume 1 FTE = 1,805 hours annually)	Year 1: <4,513 Year 2: <3,610 Year 3: <7,671 Year 4: <9,476 Year 5 : <3610	Year 1: 4,513 Year 2: 3,610 Year 3: 7,671 Year 4: 9,476 Year 5 : 3610	5%	\$ 10,000

Key Metric Notes

- | | |
|---|---|
| 1 | Service credits are applicable only for the six key metrics identified |
| 2 | SLA baselining period will be 3 months for key metrics |
| 3 | Service Credits measurement period for Year 1 will be for a 9 month period (December 2024 - July 2025) ; subsequent years will be 12 months (August to July) |
| 4 | In case of addition/deletion of key metrics, the weightages will be adjusted accordingly |
| 5 | Service credit will be applicable if the specific Key Metric is not met for 3 months during the measurement period |
| 6 | Penalty, if any, will be applicable to the specific LOB where SLA is missed, and not on the overall revenue, and the same will have an opportunity to be clawed back. |
| 7 | ABC North reserves the right to adjust Thresholds and/or Targets at any time with mutual agreement with XYZ team |

XYZ NORTH AMERICA, INC.
July 20, 2018

1. General

This is the “Financial Responsibility Matrix” Exhibit to Statement of Work #1 governed by that certain Master Services Agreement, dated as of the Effective Date. All capitalized terms used herein without definition shall have the meanings given to such terms in the “Definitions” Schedule, the Statement of Work to which this Exhibit relates (including other related Exhibits), or elsewhere in the Agreement.

2. Financial Responsibility Matrix

The Financial Responsibility Matrices applicable to the Statement of Work appear on the following pages.

Customer
Financial Responsibility Matrix
Introduction and Definitions

THIS EXHIBIT 4-B ONLY ADDRESSES OWNERSHIP OF, AND FINANCIAL RESPONSIBILITY FOR THE COST OF, ASSETS. MOREOVER, IT DOES NOT ADDRESS THE COST OF LABOR OR ANY OTHER COSTS OTHER THAN THE DIRECT COST OF EQUIPMENT AND OEM MAINTENANCE AND SUPPORT CONTRACTS. SUPPLIER OBLIGATIONS RELATING TO EMPLOYEES AND PERSONNEL, IF ANY, ARE ADDRESSED IN EXHIBIT 5 (HUMAN RESOURCE PROVISIONS). IT SHALL HAVE NO IMPACT ON, AND IS NOT INTENDED TO LIMIT IN ANY WAY, THE SCOPE OF THE SERVICES FOR WHICH SUPPLIER IS RESPONSIBLE UNDER THE AGREEMENT AND ITS EXHIBITS (INCLUDING THE STATEMENTS OF WORK).

Heading	Definition of Heading
Software	Unless otherwise specified, this classification applies to all software that is used to provide the Services.
License / Maintenance / Lease Cost / 3rd Party Support	Financially responsible for purchase and/or lease cost of underlying software.
Support / Operational Expenses	Financially responsible for support and operational expenses relating to the underlying software.
Current Licenses / Maint. / Lease	Financially responsible for Software licenses, maintenance fees and software leases / rentals or support cost of the underlying Software asset or third party contract.
Refresh	Financially responsible for replacement software upon refresh of the underlying Equipment.
Releases / Upgrades	Financially responsible for new releases, versions and upgrades of software.
Growth	If more Software or additional licenses are required due to growth, financially responsible for the additional software or licenses.
Administrative Procurement	Responsible for procurement of the item including managing the bidding process and the resulting invoice. Also includes support responsibility for administrative requirements related to procurement (e.g., order entry, third party vendor coordination)
Install, Change, Remove	Responsible for the performance of IMACs for the software. Also includes installations of new software, service releases, upgrades, patches, program temporary fixes
Invoice Verification	Responsible for verification of the invoices (purchase, maintenance) from the third party software vendors.
Operations & Support	Responsible for supporting the software, including configuration, restarting, operating, troubleshooting, etc.
Disaster Recovery	Financially responsible for disaster recovery
Cost of Living Adjustment / Inflation & Deflation	Financially responsible for inflation / deflation that impacts any of the software-related line items.
In-Scope / Retained	In-scope - Customer responsibility with payment to Supplier via the designated charging mechanism. Pass-Through - Customer responsibility with payment to Supplier via the designated charging mechanism. Supplier financially responsible for payment to third party. Retained - Customer responsibility with no Customer payment to Supplier. Supplier not financially responsible for payment to third party.
Charging Mechanism	Mechanism by which this item is paid for. The charging mechanisms used in this Exhibit 4-B are: 1. Resource Unit Rates - the costs and fees associated with the line items are include in the Resource Unit and ARC/RRC Rates in Exhibit 4-A (Pricing Forms)and no additional charge shall apply 2. Project Charges - Charges for Projects in accordance with Exhibit 4 (Pricing and Financial Provisions). 3. Pass through - items that will be reimbursed to Supplier based on third party invoices submitted 4. Unit Rates - items that will be charged to the Customer based on the units consumed at the rates specified in Exhibit 4.1J
Equipment	Unless otherwise specified, this classification applies to all Equipment that is used to provide the Services.
Asset Allocation Capital / Lease Cost	Financially responsible for purchase and/or lease cost of underlying Equipment.
Support / Operational Expenses	Financially responsible for support and operational expenses relating to the underlying Equipment.
Initial Purchase / Refresh	Financially responsible for purchase and/or lease cost of underlying Equipment. If the Equipment needs to be refreshed, Financially responsible for the refreshed Equipment.
Upgrades / Enhancements	If the Equipment needs to be upgraded or enhanced, financially responsible for the additional Equipment.
Growth	If more Equipment of this type is required due to growth, financially responsible for the additional Equipment.
Administrative Procurement	Responsible for procurement of the item including managing the bidding process and the resulting invoice. Also includes support responsibility for administrative requirements related to procurement (e.g., order entry, third party vendor coordination)
Install, Change, Remove	Responsible for the performance of IMACs for the Equipment.
Maintenance	Responsible for maintenance for the Equipment. Maintenance includes responsibility for spare parts.
Invoice Verification	Responsible for verification of the invoices (purchase, maintenance) from the Equipment vendors.
Operations & Support	Responsible for supporting the Equipment, including configuration, restarting, operating, troubleshooting, etc.
Statement of Work #1

Introduction and Definitions

THIS EXHIBIT 4-B ONLY ADDRESSES OWNERSHIP OF, AND FINANCIAL RESPONSIBILITY FOR THE COST OF, ASSETS. MOREOVER, IT DOES NOT ADDRESS THE COST OF LABOR OR ANY OTHER COSTS OTHER THAN THE DIRECT COST OF EQUIPMENT AND OEM MAINTENANCE AND SUPPORT CONTRACTS. SUPPLIER OBLIGATIONS RELATING TO EMPLOYEES AND PERSONNEL, IF ANY, ARE ADDRESSED IN EXHIBIT 5 (HUMAN RESOURCE PROVISIONS). IT SHALL HAVE NO IMPACT ON, AND IS NOT INTENDED TO LIMIT IN ANY WAY, THE SCOPE OF THE SERVICES FOR WHICH SUPPLIER IS RESPONSIBLE UNDER THE AGREEMENT AND ITS EXHIBITS (INCLUDING THE STATEMENTS OF WORK).	
Heading	Definition of Heading
Cost of Living Adjustment / Inflation & Deflation	Financially responsible for inflation / deflation that impacts any of the Equipment-related line items.
In-Scope / Retained	In-Scope - Customer responsibility with payment to Supplier via the designated charging mechanism. Pass-Through - Customer responsibility with payment to Supplier via the designated charging mechanism. Supplier financially responsible for payment to third party. Retained - Customer responsibility with no Customer payment to Supplier. Supplier not financially responsible for payment to third party.
Charging Mechanism	Mechanism by which this item is paid for. The charging mechanisms used in this Exhibit 4-B are: 1. Resource Unit Rates - the costs and fees associated with the line items are include in the Resource Unit and ARC/RRC Rates in Exhibit 4-A (Pricing Forms)and no additional charge shall apply 2. Project Charges - Charges for Projects in accordance with Exhibit 4 (Pricing and Financial Provisions). 3. Pass through - items that will be reimbursed to Supplier based on third party invoices submitted 4. Unit Rates - items that will be charged to the Customer based on the units consumed at the rates specified in Exhibit 4.1J
Facilities	Unless otherwise specified, this classification applies to all of the Supplier Sites (e.g., buildings, data centers, offices, and attendant support equipment and staff) needed to provide the Services.
Asset Allocation Capital / Lease Cost	Financially responsible for purchase and/or leasehold improvement of underlying facilities.
Support / Operational Expenses	Financially responsible for support and operational expenses relating to the underlying facilities.
Initial Purchase / Refresh	Financially responsible for purchase and/or lease cost of underlying facilities. If site-related Equipment (e.g. HVAC) needs to be replaced / refreshed, financially responsible for the replacement / refreshed Equipment.
Upgrades / Enhancements	If upgrades or enhancements are needed for the Site, financially responsible for it.
Growth	If more space is needed, financially responsible for the additional space.
Operations & Support	Responsible for supporting the Site, including configuration, operation, troubleshooting, etc.
Removal & Disposal	Responsible for removing the Equipment from the environment. Customer receives any net benefit after disposal of Customer-owned Equipment. Supplier receives any benefit after disposal for all other Supplier-owned Equipment.
Disaster Recovery	Financially responsible for third party disaster recovery
Cost of Living Adjustment / Inflation & Deflation	Financially responsible for inflation / deflation that impacts any of the facilities-related line items.
In-Scope / Retained	In-Scope - Customer responsibility with payment to Supplier via the designated charging mechanism. Pass-Through - Customer responsibility with payment to Supplier via the designated charging mechanism. Supplier financially responsible for payment to third party. Retained - Customer responsibility with no Customer payment to Supplier. Supplier not financially responsible for payment to third party.
Charging Mechanism	Mechanism by which this item is paid for. The charging mechanisms used in this Exhibit 4-B are: 1. Resource Unit Rates - the costs and fees associated with the line items are include in the Resource Unit and ARC/RRC Rates in Exhibit 4-A (Pricing Forms)and no additional charge shall apply 2. Project Charges - Charges for Projects in accordance with Exhibit 4 (Pricing and Financial Provisions). 3. Pass through - items that will be reimbursed to Supplier based on third party invoices submitted 4. Unit Rates - items that will be charged to the Customer based on the units consumed at the rates specified in Exhibit 4.1J

under the

[REDACTED] REEMENT

between

[REDACTED] TED

and

[REDACTED]

DATED

July 20, 2018

1. GENERAL

This is the “Service Level Definitions” Exhibit to SOW No.1 governed by that certain Master Services Agreement, dated July 20,2018. All capitalized terms used herein without definition shall have the meanings given to such terms in the “Definitions” Schedule, the Statement of Work to which this Exhibit relates (including other related Exhibits), or elsewhere in the Agreement.

2. SERVICE LEVEL DEFINITIONS

CSL 01 - Customer Satisfaction	
Group	Cross-Functional
Objective	This service level measures the supplier's performance on CSAT survey based on periodic assessment
Definition	To be agreed and defined
Standard Turnaround Time	NA
Calculation	Survey question responses rated on scale from Strongly Disagree (0) to Strongly Agree (5)
Method	
Data Capture	To be agreed and defined
Measurement Window	Quarterly
Responsibility	
Reporting Period	Quarterly
Hours of Support	NA
Service Metric	
Expected Service Level Target	Score of 4.5 on the scale of 5
Minimum Service Level Target	3.8 score on the scale of 5

CSL 02 - System Uptime	
Group	Cross-Functional
Objective	Track availability of key systems
Definition	○ Total time when the AP TRAC R3 or Supplier Portal are available during the agreed time (excluding planned maintenance hours) in the given period divided by Total time during the agreed time (excluding planned maintenance hours) in the given period expressed as a percentage Note: 1. Downtime is considered only if more than 50% of business users are not able to access the application. 2. Above calculation excludes planned maintenance hours. 3. Above calculation excludes down time caused as a result of integration related issues (with any of the interface systems). 4. Minimum uptime estimated to 95% and Expected uptime estimated to 99.00%. 5. The committed minimum and expected uptime to be factored post 6 months go live each of AP TRAC R3 and Supplier Portal. If required, we can revisit this clause after 3 months of go live. 6. Application uptime is calculated based on 24x7. SLA % is also factored taking into account sparse availability of support resources during weekend. Availability of support for uptime during weekends will be on a best case basis. ○ The system uptime commitment for Doppel Skanner is 99%. Any planned maintenance activities will result in scheduled downtime, which will be communicated in advance. These hours will be excluded from the uptime calculation. ○ L0/L1 Zoho Support window - 24*7 (Mon-Sun) US timing.
Standard Turnaround Time	NA
Calculation	Total system uptime / # monthly calendar hours
Method	

CSL 02 - System Uptime	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	Support Business hours is 24x7
Service Metric	
Expected Service Level Target	99%
Minimum Service Level Target	95%

CSL 03 - Accuracy	
Group	Cross-Functional
Objective	This service level measures the Supplier's accuracy in Account Reconciliation, Invoices, Payments, Customer Billings, Cash Application, CAPEX Projects, CAPEX PO and CAPEX Invoices
Definition	To be agreed and defined
Defect Definition	Any errors in activities and task
Calculation	RTR: Account Reconciliation Rejection Rate: 1 minus (# recs rejected by GBS Buf / # recs XYZ prepared in the month) PTP: Invoices & Payments: number of invoices processed without errors / total number processed OTC: Customer Billings and Cash Applications processed without errors : total number processed without errors / total number processed CAPEX: Projects, Purchase Orders, Invoices processed without errors processed without errors : total number processed without errors / total number processed
Method	

CSL 03 - Accuracy	
Data Capture	Automated / Manual defect trackers
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	Customer Business Hours as outlined in the Procedures Manual
Service Metric	
Expected Service Level Target	RTR:99% PTP:98% OTC:98% CAPEX:99%
Minimum Service Level Target	RTR:97% PTP:96% OTC:96% CAPEX:97%

CSL 04 – Timelines	
Group	Cross-Functional
Objective	This service level measures the timeliness to handle Invoice processing, Customer Billing, Cash Application, CAPEX Projects, CAPEX PO and CAPEX Invoices & Revenue Integrated Reports
Definition	To be agreed and defined
Standard Turnaround Time	To be agreed and defined
Calculation	RTR: Percentage of reconciliations completed by the agreed-upon deadlines: total number of recs completed by due date / total number of recs that should have been completed. PTP: 1. Invoices processed within 24 hours - # invoices processed within agreed upon timeline / total number of invoices processed 2. Payments processed without GBS Buffalo involvement - # payments processed w/out GBS Buf / total number of payments processed. OTC: Customer billing and cash allocations actioned within designated timeframe from receipt of input : # billings and allocations actioned w/in timeframe / total # billings and allocations processed.

CSL 04 – Timelines	
	CAPEX: Projects, Purchase Orders, Invoices processed within agreed-upon deadlines: # projects/po's/invoices processed within timeframe / total # projects/po's/invoices processed Revenue Integration: Suspense entries resolved <= 3 working days: 1. # reports delivered by deadline / total # reports delivered & 2. # suspense entries resolved in <= 3 working days / total # suspense entries resolved
Method	
Data Capture	To be agreed and defined
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	Customer Business Hours as outlined in the Procedures Manual
Service Metric	
Expected Service Level Target	99%
Minimum Service Level Target	97%

CSL 05 – Quality	
Group	General Accounting
Objective	This service level measures the Supplier's quality of Account Reconciliation and Journal Entries
Definition	To be agreed and defined
Defect Definition	To be agreed and defined
Calculation	Account Reconciliation and Journal Entries: Average of Acct Rec Score Card and Average of JE Score Card
Method	
Data Capture	Automated / Manual defect trackers
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	Customer Business Hours as outlined in the Procedures Manual
Service Metric	
Expected Service Level Target	90%
Minimum Service Level Target	90%

CSL 06 – Efficiency	
Group	All
Objective	This service level measures the Supplier's efficiency in hours
Definition	To be agreed and defined
Defect Definition	To be agreed and defined
Calculation	Time savings achieved: # FTE hours repurposed per year (assume 1 FTE = 1,805 hours annually)
Method	
Data Capture	Automated / Manual defect trackers
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	Customer Business Hours as outlined in the Procedures Manual
Service Metric	
Expected Service Level Target	Year 1: 4,513 hrs Year 2: 3,610 hrs Year 3: 7,671 hrs Year 4: 9,476 hrs Year 5 : 3610 hrs
Minimum Service Level Target	Year 1: 4,513 hrs Year 2: 3,610 hrs Year 3: 7,671 hrs Year 4: 9,476 hrs Year 5 : 3610 hrs

KM- 01 : Training and Knowledge Transfer	
Group	Cross-Functional
Objective	To measure % of team members trained and proficient in the company's specific processes and systems.
Calculation	This metric is to be more focused on transitions and knowledge sharing to new hires and cross trained staff. Plan to keep the knowledge updated to ensure seamless operations with minimal dependencies – target not applicable.
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 02 : Continuous Improvement	
Group	Cross-Functional
Objective	To measure number of process improvement suggestions implemented.
Calculation	These could be day to day improvements – target not applicable
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 03 : Compliance	
Group	Cross-Functional
Objective	To measure adherence to accounting standards and company policies.
Calculation	100% compliance with all relevant standards and policies
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 04 : Communication Responsiveness	
Group	Cross-Functional
Objective	To measure average response time to queries or requests for additional information from the company.
Calculation	To be agreed and defined
Method	
Data Capture	Manual/ Automated data capture

Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 05 : Error Resolution	
Group	Cross-Functional
Objective	To measure % of inquiries and exceptions actioned within 2 business days, need to incorporate parked items as well for AP and AR. Average time taken to correct any errors, required adjustments in CAPEX. RTR - Average time taken to correct any errors, required adjustments or discrepancies found in journal entries.
Calculation	To be agreed and defined
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 06 : Touch Rate	
Group	Cross-Functional
Objective	To measure the average # of times communication needs to come from Supplier to fully resolve to an inquiry.
Calculation	To be agreed and defined
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 07 : Touchless Invoice Rate	
Group	Accounts Payable
Objective	To measure % of invoices that flow through APTrac to the next system without requiring manual intervention
Calculation	To be agreed and defined
Method	
Data Capture	Manual/ Automated data capture

Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 08 : FTE cost per invoice	
Group	Accounts Payable
Objective	To measure FTE cost per invoice
Calculation	To be agreed and defined
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 09 : Quality	
Group	Accounts Payable

Objective	To measure % of invoices paid beyond the due date specified on the invoice (compare payment date to invoice date)
Calculation	To be agreed and defined
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

KM- 10 : Rate per project/PO created/Invoice entered	
Group	CAPEX
Objective	To measure rate cost per project/PO created/Invoice entered
Calculation	To be agreed and defined
Method	
Data Capture	Manual/ Automated data capture
Measurement Window	Monthly
Responsibility	
Reporting Period	Monthly
Hours of Support	NA

Total at Risk
\$200,000

\$ 50,000

\$ 40,000.00

Risk	Notes
1	Service credits are applicable only for the six key metrics identified
2	SLA baselining period will be 3 months for key metrics
3	Service Credits measurement period for Year 1 will be for a 9 month period (December 2024 - July 2025) ; subsequent years will be 12 months (August to July)
4	In case of addition / deletion of key metrics, the weightages will be adjusted accordingly
5	Service credits will be applicable only for the six key metrics met for 3 months during the measurement period
6	Penalty, if any, will be applicable to the specific LOB only and will be calculated on the overall revenue, and the same will have an opportunity to be clawed back.

ABC North Companies, Inc. - Proposed Risk Reward Key Metrics - XYZ

Key Metric		Category	Metric	Measure		Threshold	Target	Max	Payment is as Agreed / Payment is as Agreed less Service Credit
Quality	RTR	Quality	Efficiency	Account Reconciliations and Journal Entries: Average of Act Rec Score Card and Average of ICE Score Card		<90%	50%	>90%	\$ 50,000.00
	ALL	Efficiency		Time savings achieved: # FTE hours repositioned per year (Assume 1 FTE = 1,605 hours annually)		Year 1: <4,513 Year 2: <3,610 Year 3: <7,671 Year 4: <9,476 Year 5: <8,610	Year 1: 4,513 Year 2: 3,610 Year 3: 7,671 Year 4: 9,476 Year 5: 8,610	n/a	\$ 10,000.00
Sr.No	Training and Knowledge Transfer:								
1	Metric	XYZ comments			ABCD inputs				
		Percentage of team members trained and proficient in the company's specific processes and systems.			This metric is to be more focused on training and knowledge sharing to new hires and cross trained staff				
	Target	100% team proficiency.			1. Final accreditation is conducted on specific processes and systems that staff is aligned to 2. Monthly Process Knowledge test. XYZ hires 2 years plus experienced staff can share training results and records with ABCD				
2	Continuous Improvement:								
	Metric	We will do BW drive and six sigma projects on the identified opportunities			These could be day to day improvements				
	Target	Number of process improvement suggest opportunities At least 3 improvements per quarter.			Target here is not applicable				
	Conditions:	Adherence to accounting standards and company policies.			As per ABCD compliance and accounting policies				
	Target	100% compliance with all relevant standards and policies.			CSAT framework needs to be established				
	Customer Satisfaction:	Customer satisfaction score based on periodic surveys or feedback.			Assuming this will be done on quarterly basis - XYZ proposes 2 survey period to be considered as baseline in order to align on the expectations				
3	Metric	Achieve a satisfaction score of 4.5 out of 5 or higher.			Would have a financial impact				
4	Communication Responsiveness:								
	Metric	Average response time to queries or requests for additional information from the company.			Will be able to measure only if the requests are sent on generic email boxes. Personal email boxes will be personal accountability				
	Target	Responses within 24 hours.			This is tracked and shared as part of MGR				
	Staff Turnover & Attrition	Number of XYZ associates that exit ABCD GBS team			Measure will be based on number of issues that arise in the month				
	Metric	Guaranteed uptime and reliability			Would have a financial impact				
	Target	System uptime (AP TRAC R3, Supplier Portal) commitment is 99%. For any downtime, system needs to be based on those hours			DNC is a 24/7 business; uptime needs to be based on those hours				
5	System Availability								
6	Metric	Key systems to be functioning effectively (APTRX, R3 and Integrations, Zoho)			Metric				
	Target	Guaranteed uptime and reliability			Target				
7	System Availability								
	Metric	Key systems to be functioning effectively (APTRX, R3 and Integrations, Zoho)			Metric				
	Target	Guaranteed uptime and reliability			Target

EXHIBIT 24

ESCALATION MATRIX

The escalation process is a management notification procedure that is invoked when an issue persists after the issue resolution target time frame is exceeded. Failure to resolve issues in a timely manner, meet the specific Service Levels, or any Service disruption may cause negative impact to the Customer. In such an event, Supplier shall escalate the issue to Customer's management in accordance with the table below. Contact must be made in writing or by phone, email or mail. All references to time shall be in Eastern time and any reference to "hour" or "hours" means clock hours.

Immediately upon notification of an issue, Supplier will work together with Customer to collect the necessary information to classify the severity level of the issue. Customer will classify the issue according to the definitions below and may adjust the severity level of an issue from what was initially determined.

- **Critical:** Any urgent issue that creates an inability to perform a vital business process. Critical issues will be worked on aggressively until a satisfactory issue resolution can be reached. Both Parties will apply immediate and continuing best efforts to achieve issue resolution. (Example: Any issue which has a material impact on monthly financial reporting.)
- **Priority:** Any urgent issue that directly impacts the ability to perform a business process. With priority issues, the service is seriously degraded but can continue its operations via a workaround or incremental Supplier resources for a short period of time. (Example: Offshore Supplier employee submits resignation; increased transaction volume will impact Supplier's offshore team's ability to complete a process by an expected deadline.)
- **Routine:** Any non-urgent request or issue with minimal impact to a business process. (Example: A new employee requires access to a particular System or Supplier Software; performance issue on PeopleSoft).

Issue Escalation Based on Severity	Customer Contact	Escalation Point	Follow up Time by Supplier upon Escalation
Critical	VP – Finance Shared Services	Critical issues will be immediately escalated.	2 hours
Priority	Global Process Owner(s)	Issue is escalated if a Temporary Fix is not implemented	4 hours
Routine	Global Process Owner(s)	Issue is escalated if issue is not fixed	24 hours

1 Introduction

This Exhibit to the Statement of Work contains some of the Customer Reports applicable to the Services.

2 Customer Reports

The following Customer Reports incorporated by this reference into the Agreement:

- (a) Attachment 13-A Accounts Payable Operational Reports
- (b) Attachment 13-A Accounts Receivable Operational Reports
- (c) Attachment 13-A CAPEX Operational Reports
- (d) Attachment 13-A General Accounting Operational Reports
- (e) Attachment 13-A Financial Reporting Operational Reports
- (f) Attachment 13-A Fixed Assets Operational Reports

ATTACHMENT A TO Exhibit 13**REPORTS AS OF THE EFFECTIVE DATE****Accounts Payable Operational Reports**

No.	Report Name	Report Description	Frequency
1	Weekly/Monthly performance report	Weekly & Monthly summary of all volumes received & processed for PTP (Includes Invoice Processing, Payments, Inquiries & Disputes) Source: Reports generated from AP TRAC, PeopleSoft, ZOHO & Manual reports	Weekly/ Monthly
2	Payment Proposal & Payment confirmations (AUS/NZ)	• Payment proposal refers to all invoices due for payment for AUS/NZ • Summary of all payments processed basis the approved proposal Source: Reports generated from PeopleSoft	Weekly
3	Open invoices Report	Summary of all invoices open in AP TRAC, shared as part of Month end activity Source: Reports generated from AP TRAC	Monthly
4	Open parking report (UK & AUS)	Summary of all invoices parked for UK & AUS for the respective region, shared with respective stakeholders for resolution Source: Reports generated from AP TRAC	Weekly
5	Duplicate payment report	Report of all duplicate invoices identified by Doppel Scanner with details of the action taken to correct the same Source: Reports from Doppel Scanner with manual intervention	Weekly
6	Voucher acknowledgement Report	Summary of all invoices which are pending for voucher generation for Non PO invoices Source: Reports generated from AP TRAC	Weekly
7	Purchasing system interface report	Summary of all invoices which are pending for acknowledgement from PO systems Source: Reports generated from AP TRAC	Weekly
8	ERP failure report (UK)	Summary of all invoices which has failed the interface with ERP Source: Reports generated from AP TRAC, PeopleSoft & Manual reports	Weekly
9	Vendor Remittance (AUS/NZ)	Sharing of remittance advices to vendors post the payment runs for AUS/NZ Source: Reports generated from PeopleSoft	Weekly
10	Daily Vendor Management report (US & AUS)	Summary of all vendors created/amended as per the request received Source: Report generated from PeopleSoft	Daily

11	AP Edit Report	Summary of all batches/invoices created & posted during the week in FSA Source: Reports generated from FSA	Weekly
----	----------------	---	--------

Accounts Receivable Operational Reports

No.	Report Name	Report Description	Frequency
1	AR Ageing (Patina)	Patina open AR Aging Report sent once every two weeks after ensuring all payments have been applied Source: Reports generated from FSA	Weekly
2	Weekly & Monthly performance report	Weekly & Monthly summary of all volumes received & processed for OTC (Includes Billing, Cash Application, Inquiries & Disputes) Source: EDC Report, ZOHO & Manual reports	Weekly/ Monthly

1. SUPPLIER HARDWARE

Supplier shall provide the following hardware in performing the Services:

Hardware Description	Quantity	Owned/Leased	Location	Dedicated or Shared	Applicable Functional Process	Nature of Hardware	Refresh Cycle
Nutanix server	1	Owned	Mumbai	Dedicated	AP	Server – Required only for 6 – 12 months	NA
TOR switches	2	Owned	Mumbai	Dedicated	AP	Network switched - Required only for 6 – 12 months	NA
Tape library	1	Owned	Mumbai	Dedicated	AP	Tape library - Required only for 6 – 12 months	NA
Nutanix server	1	Owned	Pune	Dedicated	AP	Server - Required only for 6 – 12 months	NA
TOR switches	2	Owned	Pune	Dedicated	AP	Network switched - Required only for 6 – 12 months	NA
Tape library	1	Owned	Pune	Dedicated	AP	Tape library - Required only for 6 – 12 months	NA
Desktops: i3 CPU 4 GB RAM 500 GB HDD Monitor 18.5" Resolution 1024*768	For all users at XYZ	Owned	Mumbai, India and Colombo, Sri Lanka	Dedicated	All	Desktops and peripherals	5 Years
Firewall	2	Owned	Mumbai, India and Colombo, Sri Lanka	Shared	All	Network	5 Years
AWS Primary Site	1	AWS Cloud service managed by XYZ	US East(Ohio) Region	Dedicated	AP	Primary instance	5 Years
AWS DR Site	1	AWS Cloud service managed by XYZ	US East (North Virginia) Region	Dedicated	AP	DR Instance	5 Years

Note - The above hardware for the AP function will remain in use until January 2025, maintaining the current Kofax version of workflow solution. Nutanix already reached EOL and currently running on extended support till January 2025. Parties will mutually agree in writing if the timeline for use of the hardware for AP function is to be extended for an additional period of six (6) months.

2. SUPPLIER SOFTWARE

Supplier shall provide the following software in performing the Services:

Tool	Applicable Functional Process	Required or Optional Tool	Nature of Tool / Features	Developed, Proprietary, or Third Party Tool	Customer System Interfaced INTO (n/a if none)	Customer System Interfaced FROM (n/a if none)	Interface Type (e.g., Flat File, Web Services)	Refresh Cycle / Frequency of Data Transfer	Estimated Data Volume
Kofax Total Agility, AP TRAC R3 + Supplier Portal	PTP	Required	Invoice processing, approval workflow, Supplier	Proprietary	PeopleSoft, CheckSCM, Eattec, BirchStreet,	PeopleSoft, CheckSCM, Eattec, BirchStreet,	Flat file for data and images in csv, PDF format	As per business requirement	~600K invoices annually

Tool	Applicable Functional Process	Required or Optional Tool	Nature of Tool / Features	Developed, Proprietary, or Third Party Tool	Customer System Interfaced INTO (n/a if none)	Customer System Interfaced FROM (n/a if none)	Interface Type (e.g., Flat File, Web Services)	Refresh Cycle / Frequency of Data Transfer	Estimated Data Volume
(Includes Gateway licenses ,system software and hosting on AWS cloud managed by XYZ)			Portal Solution		Netsuite & AWS EDC	Netsuite & AWS EDC			
Case Management	PTP, OTC, RTR	Required	Request management tool	Third Party	N/A	N/A	N/A	N/A	~120 emails /tickets annually
RPA (Automation Anywhere Licenses)	PTP, OTC, RTR	Required	Process automation	Third Party	N/A	N/A	N/A	N/A	N/A
Windows OS	For all users at XYZ	Required	Windows OS for all desktops	Third Party	N/A	N/A	N/A	N/A	N/A
Monitoring Software (LAN & WAN)	For all XYZ Networks	Required	Required for the monitoring of the network equipment	Third Party	N/A	N/A	N/A	N/A	N/A
End User Computing Software	For all users at XYZ	Required	Required to enable patch management updates	Third Party	N/A	N/A	N/A	N/A	N/A
Anti Virus	For all users at XYZ	Required	Required for protection from any Virus intrusions	Third Party	N/A	N/A	N/A	N/A	N/A
PBX Software	Only for users enabled with telephony	Required	To enable voice communication between XYZ and ABCD resources	Third Party	N/A	N/A	N/A	N/A	N/A

2.1 If applicable, Parties hereby agree to execute a third party access agreement with a third party pursuant to which the Supplier may grant a third party certain rights to use or access Supplier Materials, in each case solely in connection with this Statement of Work.

3. SUPPLIER INFRASTRUCTURE AND TELEPHONY SOLUTION

In addition to, and without limiting any of the obligations set forth elsewhere in the Agreement, Supplier will provide the following infrastructure solution:

Description of Infrastructure Solution

Technology Solution Framework

- Data Connectivity – XYZ will establish direct connectivity between AWS and XYZ Mumbai and Sri Lanka delivery center over internet
- ABC North will allow access to all the applications via AWS Workspaces
- All applications will be cloud based accessed via internet once the user logs on to the AWS workspace. Connectivity to ABC North data centers located at Raleigh and Boulder will not be required. XYZ will only connect to AWS
- If there is a change required from internet connectivity to a direct connectivity to AWS, the same will be routed through a change request

Technology Solution Description

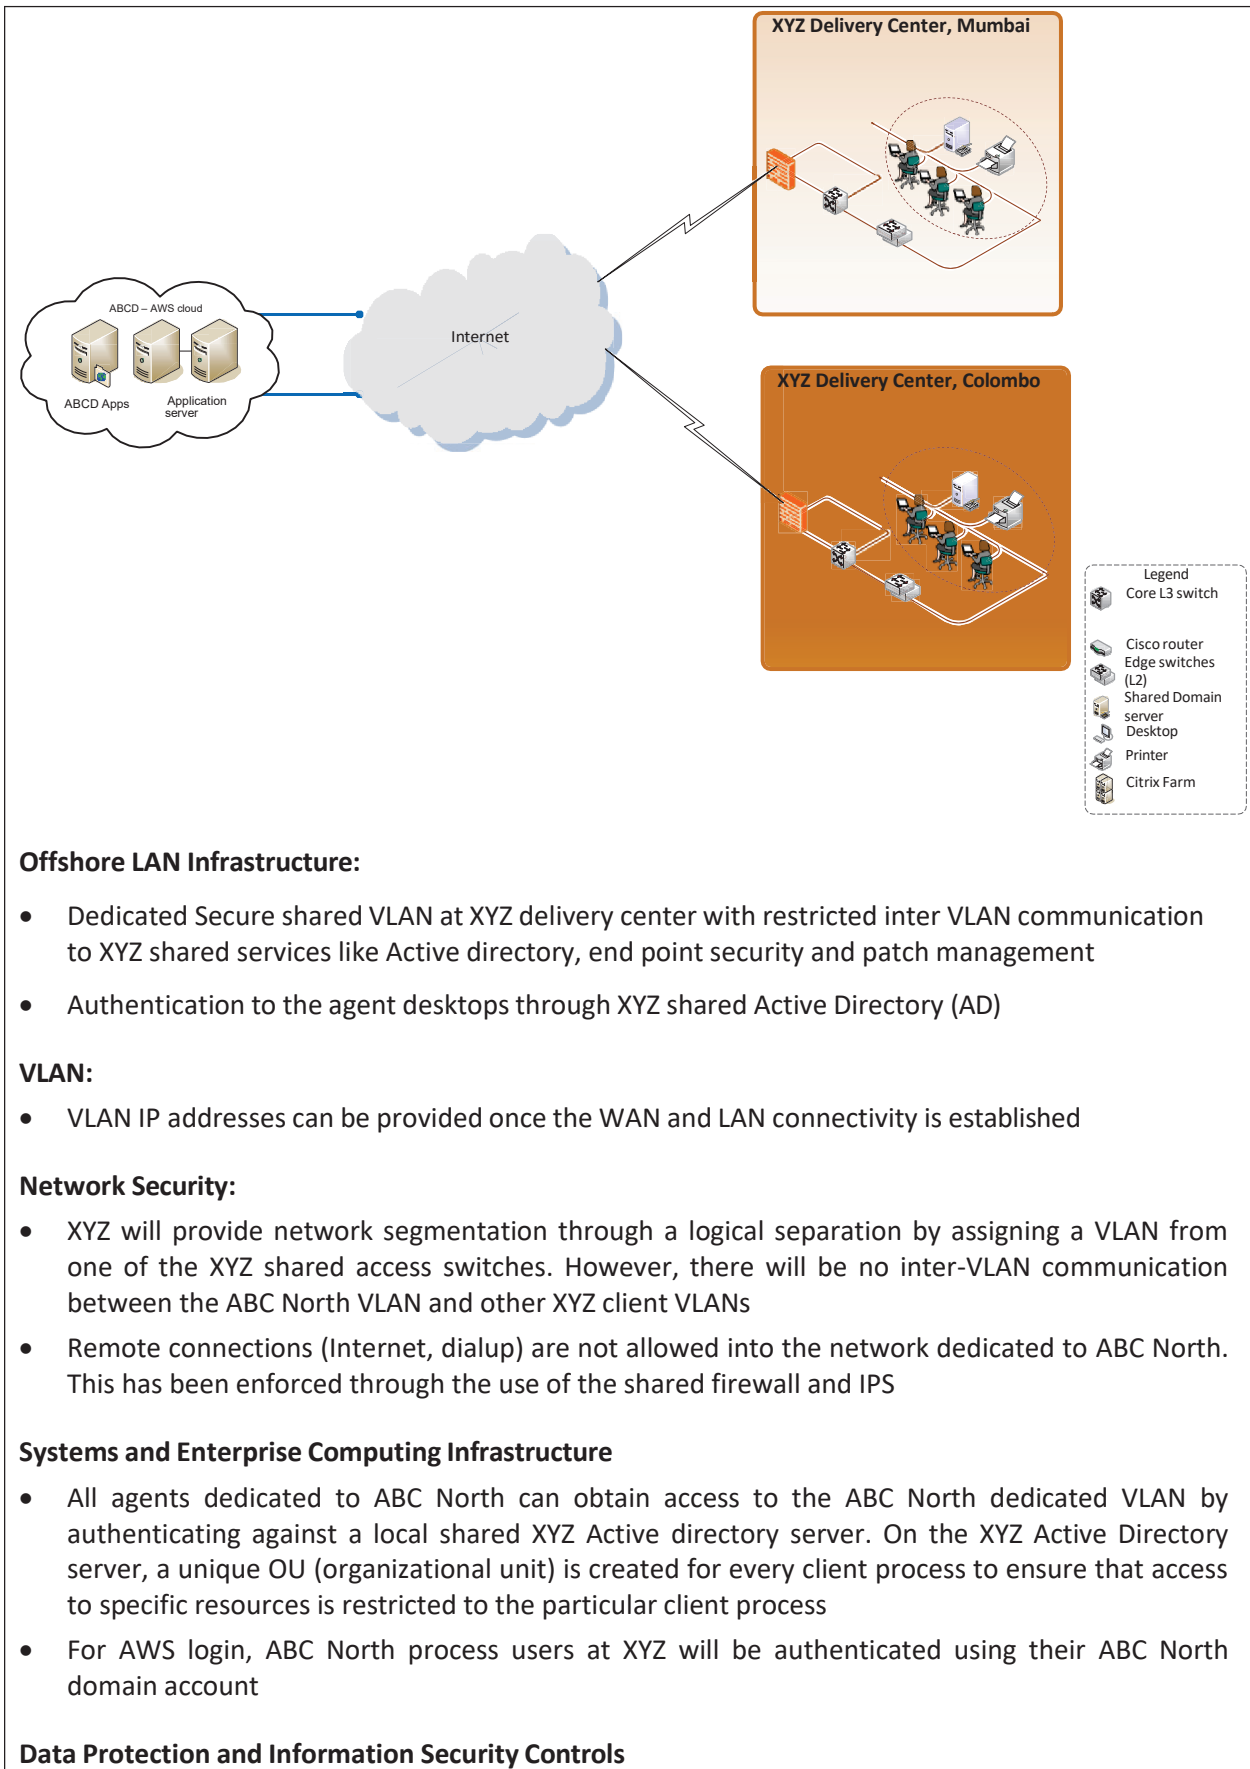

WAN connectivity

- XYZ will provision internet connectivity through shared firewalls hosted at XYZ delivery centers to access the application via AWS provisioned by ABC North
- ABC North will allow access to all the applications via AWS

Application access

- ABC North will be responsible to publish the required applications (AP TRAC R3 + Supplier Portal) over AWS workspace
- ABC North will provide required access rights/licenses for XYZ associates to access in-scope applications, including MS Office
- Internet wherever required will be provisioned by ABC North via AWS workspace
- Email access wherever required will be provided by ABC North
- Per seat bandwidth of 400 Kbps will be provisioned at XYZ, however, bandwidth will be estimated based on actual usage in production

WAN Connectivity Solution Schematic

- All XYZ desktops are disabled for use of removable media storage devices and in exceptions, access to these are provided post review and approval from the Information Technology / InfoSec team and the customer
- Administrative access is available only to the XYZ IT team thereby ensuring that the end users do not make any undesired configuration changes to the operating system or the Customer applications thereby affecting system availability
- All desktops are protected by McAfee Antivirus
- The XYZ IT team periodically reviews the virus definition status on the desktops and necessary actions are recommended based on the findings

External audits / assessments on a periodic basis

- To be determined and agreed with ABC North

Business Continuity and BCP/DR

- Covered in the Business Continuity and Disaster Recovery Exhibit

4. SUPPLIER SOFTWARE AND HARDWARE TRANSFERABILITY LIMITATIONS

The following software and hardware components will be retained by Supplier pursuant to section 2.13(c) of the Additional IP Terms Schedule. However, Parties agree that Customer may continue to use the following software and hardware components after termination or expiration of this Statement of Work, subject to Customer's fulfilment of payment obligations towards the license fees for such software and hardware components to the Supplier.

Supplier Software

Tool	Software Details	Nature of Tool / Features
AP TRAC	Kofax TotaAgility User and Volume Licenses	Invoice processing, approval and workflow tool – Required for 6 months only
AP TRAC R3 + Supplier Portal	XYZ Proprietary workflow solution for AP and Supplier Portal	Invoice processing, approval workflow, Supplier Portal Solution – Will continue for next 5 years
	Gateway licenses	Inbound & Outbound data processing module – Will continue for next 5 years
	Hosting on AWS Cloud managed by XYZ	Hosting service – Will continue for next 5 years
Case Management	Zohodesk License	Request management tool
RPA	Automation Anywhere Licenses	Process automation
	Control Room Licenses	
Windows OS	Windows 10 and Higher OS licenses	Windows OS for all desktops
Monitoring Software (LAN & WAN)	Solar Winds	Required for the monitoring of the network equipment

Tool	Software Details	Nature of Tool / Features
End User Computing Software	SCCM	Required to enable patch management updates
Anti Virus	XYZ Std.	Required for protection from any Virus intrusions
Database Software	MS SQL Server Standard 2012	For transactional and reporting data storage and processing – Required for 6 months only
SFTP Software	Reflection for Secure IT	For Invoice, metadata and integration with ABCD system as per business process –
Backup Software	Back up tapes	Backup data from Server – Required for 6 months only
Web Application Firewall	WAF from F5	Shared WAF component for Security purpose

Supplier Hardware

Hardware Description	Location	Applicable Functional Process	Nature of Hardware
Nutanix server	Mumbai & Pune	AP	Server – Required only for 6 – 12 months
Nutanix Storage	Mumbai & Pune	AP	Storage requirements – Required only for 6 – 12 months
TOR switches	Mumbai & Pune	AP	Network switched– Required only for 6 – 12 months
Tape library	Mumbai & Pune	AP	Tape library– Required only for 6 – 12 months
Desktops: i3 CPU 4 GB RAM 500 GB HDD Monitor 18.5" Resolution 1024*768	Mumbai, India and Colombo, Sri Lanka	All	Desktops and peripherals
Firewall	Mumbai, India and Colombo, Sri Lanka	All	Network
AWS Primary Site	US East(Ohio) Region	AP TRAC R3 + Supplier Portal	Server-Required for next 5 years
AWS DR Site	US East (North Virginia) Region	AP TRAC R3 + Supplier Portal	Server-Required for next 5 years

Note - The above hardware for the AP function will remain in use until January 2025, maintaining the current Kofax version of workflow solution. Nutanix already reached EOL and currently running on extended support till Jan'25. Parties will mutually agree in writing if the timeline for use of the hardware for AP function is to be extended for an additional period of six (6) months.

2.1 Applications: Current Environment 1

1 TECHNICAL ARCHITECTURE

1.1 Overview of Current Architecture

(a) Customer's IT architecture (see Figure 1) is comprised of many inter-related components, including:

- (1) network -- Wide Area Network (WAN), Local Area Networks (LANs), and voice;
- (2) Internet, file, print, electronic mail, and scheduling services;
- (3) computer hardware;
- (4) operating software platforms;
- (5) access to Applications;
- (6) remote-access services; and
- (7) network/systems management and data backup and recovery services.

1.2 Customer Technology Standards

(a) Supplier shall, and shall cause Supplier Personnel to, abide by and comply with the Customer technology policies that are communicated to Supplier from time to time during the Term and the Termination Assistance Period, subject to the provisions of the Master Services Agreement. Customer shall notify Supplier, in writing, of any changes to the Customer technology policies. The Customer technology policies which Supplier shall abide by and comply with are identified herein. Supplier hereby acknowledges receipt of such policies.

- (1) Third Party Systems and Security Policy
- (2) Third Party Systems and Security Procedure
- (3) IT Service Supplier Compliance Review Procedure

2 APPLICATIONS

2.1 Applications: Current Environment

The current Applications portfolio is described in the tables below

System	Description of Application	AP	Sales Accounting	Accounts Receivable	General Accounting	Financial Reporting	Fixed Assets	Bank Reconciliation
PeopleSoft	General Ledger				✓			
	Fixed Assets						✓	
	Accounts Payable	✓						
	Accounts receivable			✓				
	Project Costing				✓			
	Billing			✓

Electronic Record and Signature Disclosure
--

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Denali Group, Inc. (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Denali Group, Inc.:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: pnero@denaliusa.com

To advise Denali Group, Inc. of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at pnero@denaliusa.com and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.

To request paper copies from Denali Group, Inc.

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to pnero@denaliusa.com and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Denali Group, Inc.

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to pnero@denaliusa.com and in the body of such request you must state your e-mail, full name, US Postal Address, telephone number, and account number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

Operating Systems:	Windows2000? or WindowsXP?
Browsers (for SENDERS):	Internet Explorer 6.0? or above
Browsers (for SIGNERS):	Internet Explorer 6.0?, Mozilla FireFox 1.0, NetScape 7.2 (or above)
Email:	Access to a valid email account
Screen Resolution:	800 x 600 minimum
Enabled Security Settings:	• Allow per session cookies • Users accessing the internet behind a Proxy Server must enable HTTP 1.1 settings via proxy connection

****** These minimum requirements are subject to change. If these requirements change, we will provide you with an email message at the email address we have on file for you at that time providing you with the revised hardware and software requirements, at which time you will have the right to withdraw your consent.

Acknowledging your access and consent to receive materials electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please verify that you were able to read this electronic disclosure and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this disclosure and consent to an address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.

By checking the 'I Agree' box, I confirm that:

- I can access and read this Electronic CONSENT TO ELECTRONIC RECEIPT OF ELECTRONIC RECORD AND SIGNATURE DISCLOSURES document; and
- I can print on paper the disclosure or save or send the disclosure to a place where I can print it, for future reference and access; and
- Until or unless I notify Denali Group, Inc. as described above, I consent to receive from exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to me by Denali Group, Inc. during the course of my relationship with you.
